Making changes to your home environment is a major step in controlling your family's allergen exposure.

## Begin In The Bedroom

Here we offer eight basic areas of focus where you can begin making changes in your home that will show benefits almost immediately.

1

### Manage Humidity

Check humidity often and monitor levels since dust mites and mold spore thrive in a humid environment. Keep humidity levels at 50% or less by using a room air conditioner or dehumidifier. **Page 42**

2

### Take Control Of Dust

Avoid cloth drapes as these can collect allergens; use shades or blinds and dust often. Also, remove other dust catchers like books and stuffed animals. **Pages 24 & 41**

3

### Furniture Choices

Choose wood, leather or vinyl for furniture, because dust mites cannot live on those surfaces, and cleaning is easy. **Pages 24, 27 & 41**

4

### Allergen Proof Encasings

Use mite-proof encasings on all bedding, including pillows, mattresses, box springs, and comforters. **Pages 4-9**

5

### Laundry Care

All bedding that cannot be encased should be washed in hot water (140° F) every 10 to 14 days. This rinses away allergens, and the hot water kills mites. Or, use a special laundry product for allergy sufferers. **Pages 28-29**

6

### Purify Your Bedroom Air

Remove airborne allergens with a high-powered HEPA Room Air Cleaner. Be sure to get a unit powerful enough to handle your room size. **Pages 31 & 34-39**

7

### Carpet Treatment

Use throw rugs instead of wall-to-wall carpeting, or treat carpeting with an anti-dust mite spray or powder. You may want to consider using high efficiency vacuum bags or purchasing a True HEPA Vacuum Cleaner to greatly reduce emissions. **Pages 27, 30 & 32-33**

8

### Filter Your Home's Air

Use filters over incoming vents in the bedroom, or consider a whole house furnace filter to reduce dust throughout your home or apartment. **Pages 25 & 40**

## For Lasting Relief From The Allergy & Asthma Triggers That Offend You

BedCare™ pillow, mattress, box spring and comforter encasings are the most doctor-recommended allergy bedding covers in the world. The reason that thousands of doctors prescribe BedCare encasings is because they are the #1 way to avoid dust mite allergen, which is found in large quantities in nearly all beds. Avoid that allergen while you're sleeping, and you may just feel better all day long! BedCare encasings protect you from bed bugs, too!\*

Because we manufacture pillow, mattress and comforter encasings in our Georgia sewing plant, we can control the quality while offering a 100% Satisfaction Guarantee within 60 days with no restocking fees.

*\*All of our mattress and pillow encasings have now been tested to confirm that they offer protection from bed bugs that may be living on your mattress or pillow. Remember, however, that mattress and pillow covers will not protect you from other bed bugs hiding in your bedroom. For complete elimination, you will need to contact a pest extermination specialist who understands how to rid your home of bed bugs.*

1

If you are looking for the very best, most comfortable, mite-proof encasing we offer, BedCare Elegance is the one. You get a silky soft microfiber fabric that is so tightly woven, it is even a perfect barrier to cat dander (a much smaller particle than dust mite allergen), and it breathes to keep you comfortable even in the warmest weather. 2.9 micron mean pore size.

2

For those who love a cotton feel, BedCare Ultra will be your choice. Unlike some encasing fabrics, this tightly woven, cotton blend will soften as you wash it, but it will still protect you and your family from dust mite and other allergens in your bedding for years to come. 5.3 micron mean pore size.

Many allergy and asthma sufferers enjoy the lasting value of BedCare Supreme encasings because after years of washing them, these breathable, tightly woven, polyester encasings show virtually no signs of wear. They also cost far less than similar encasings you can find elsewhere. Count on them to protect you and your family from dust mite allergen but also to keep you cool and comfortable all year long. 4.3 micron mean pore size.

BedCare Classic encasings are the ones you'll choose if you're looking for waterproof protection for your bed and perfect protection from dust mites, mold, and germs in your bedding. There is simply no better barrier than our lightweight polyester-knit fabric joined to an ultra-thin ComforTech™ membrane. For years, our customers have enjoyed these encasings and the many benefits of having them on their beds, and you will, too.

If your goal is covering your pillows and mattresses with the most breathable, cost-effective, mite-proof encasing your money can buy, BedCare Basics is the logical choice. Many of our customers also purchase Basics for travel, guest bedrooms and their vacation homes. Since they are made of a durable, washable, non-woven polyester and nylon fabric, they act like a filter to keep you from breathing in allergens found in your bedding.

## Made In America Just For You

All of our BedCare™ fabric encasings are made by employee owners in a National Allergy-owned sewing plant in North Georgia, not in “off-shore” shops. Not only are we able to contribute to the American economy by employing local workers, but we also have total control over production quality. And, we use special independent tests to make sure that the fabrics, seams and zippers in our encasings protect you and your family from allergens. We also thoroughly inspect every encasing we make for quality workmanship. Most manufacturers only inspect random samples, but we decided that was not good enough for our customers. Our goal is to make the best encasings in the world!

## BEDCARE™

# Elegance

### Encasings So Soft You'll Wish Your Sheets Were As Comfortable!

BedCare™ Elegance encasings are for those who want the very finest, most luxuriously soft and cool encasings available anywhere. Elegance covers are made from a high performance, 100% polyester microfiber fabric that blocks all dust mite allergen and most other particles even as small as cat dander. They remain breathable beneath your sheets, so you always sleep comfortably. We take extra care in the design and construction of Elegance encasings with features such as inner zipper covers, bound seams, and side panels to give them a perfect fit even after repeated washings. Also protects against bed bugs. Lifetime Warranty.

## Doctors Advise Also Encasing Your Box Spring To Maximize Your Dust Mite Protection

We recommend our premium BedCare™ vinyl encasings on your box spring. This design incorporates super tear-resistant Duralast™ vinyl and a patented SecureZip™ zipper. The result is an encasing that is 50% stronger in tensile strength than other leading brands and a zipper construction that is virtually tear-proof. Since these vinyl encasings are 9" deep, they are perfect for those who prefer all-vinyl encasings on their mattresses, too! Initial vinyl odor will dissipate after airing out. Also protects against bed bugs. Lifetime Warranty.

## BedCare™ Fitted Mattress Travel Cover Helps You Avoid Allergens While You're Away From Home

Since we never know what's lurking in hotel mattresses (we can only imagine), we've designed an easy way to protect you with our new BedCare Classic Mattress Travel Cover.

Unlike a regular mattress encasing with a zipper, the new Travel Cover is fitted and has elastic corners, so it's easy to install and remove. It protects you from mold, allergens and other impurities that might be found in mattresses while you are traveling. Made of the same lightweight polyester knit fabric joined to an ultra-thin ComforTech™ membrane as our Classic encasing featured on page 6, our Classic Travel Cover is also waterproof. Machine wash and dry on low. Fits most mattresses up to 15" deep. Lifetime Warranty.

# Healthy Pillows

## Luxuriously Soft BedCare™ Elegance Mite-Proof Pillows Need No Encasing

These luxurious pillows are covered with a soft, woven, mite-proof fabric so they need no encasing. Mites and their allergen can't get through the sumptuous 100% polyester microfiber fabric but air can, so you'll be comfortable all night. That's because the fabric is so tightly woven that even particles as small as cat dander (approx. 1 micron) can't pass through. It's our most efficient allergen barrier fabric, but it's also as soft as a summer breeze. Now you can get a good night's rest knowing your pillow is safe from dust mites and their allergen right from the start and as long as you own it. Buy enough for every bed in your house. Machine wash and dry. Lifetime Warranty!

## Eliminate The Causes Of Chronic Sinusitis At Their Source!

A Mayo clinic study linked mold and fungi in the nasal cavities with chronic sinusitis. Agrumax is an all-natural, anti-fungal concentrate that has no known toxicity or side effects. Laboratory tests have demonstrated that Agrumax can be used as a fungicide, a bactericide, an antiseptic, and an antioxidant. Some doctors recommend using Agrumax in a saline nasal spray application for the elimination of fungi and sinus irritants. Agrumax is also safe to use while using other saline or steroid nasal sprays. Just mix a few drops of Agrumax into 6 – 8 ounces of saline and use in any irrigation device.

## One Of Nature's Best Moisturizers Can Help Repair Your Damaged Skin, Too!

**New!** Rich in proteins, vitamins, and minerals, fresh goat's milk is Mother Nature's greatest contribution to health and beauty. Canus goat's milk products are dermatologist tested and recommended for dry-skin irritations such as eczema, psoriasis and acne. Fresh goat's milk makes an exceptionally good moisturizer because the protein strands are shorter and therefore more easily absorbed by the skin. The all-natural, non-greasy and paraben-free lotion gets right to work softening dry spots and restoring your skin's natural suppleness. And the cleansing bar softens your skin without leaving it oily. Your children will love how Li'l Goat's Milk products pamper their skin, too.

### Get Closer To Your Pets Without Suffering

Medical literature agrees that treating your pet to reduce dander can greatly reduce the amount of allergen present. Allerpet® cleanses away dander and softens the pet's skin so less dander is produced. Dander levels will drop significantly with proper weekly use. Pour a small amount onto a washcloth and rub into your pet's skin. Safe for both cats and dogs. Not a shampoo. Use weekly. Use the convenient 16-oz. **Allersearch® ADS™ Spray Neutralizes Mite Allergen  
And Animal Dander In Carpet And Furniture\***

Allersearch ADS Spray is one of the environmental controls most recommended by allergy specialists. Dust mite waste particles and animal dander particles are extremely small and can be kicked off carpet just by walking across it. The particles stay suspended in air for long periods of time. Eventually, you inhale them and they trigger allergic reactions such as sneezing, wheezing, runny nose, and itchy eyes. Allersearch ADS is a mild, natural, 3% tannic acid spray that's been proven to be medically effective to neutralize dust mite particles, animal dander, mold, mildew, and pollen, rendering these allergens harmless. Allersearch ADS is safe and virtually odorless. Use on carpets, rugs, stuffed chairs and sofas. Quart covers about 500 sq. ft.; gallon covers about 2000 sq. ft. Repeat every 2-3 months for maximum effectiveness.

Future carpet cleaning should be done with a dry method only.

## Dustmite And Flea Control™ Is The Best Mite Treatment Available To Kill Dust Mites In Carpets And Furniture

Here is the clean and natural way to kill dust mites and keep them away. Use as a spray or in a carpet steamer (or wet extraction machine) to create an environment that is absolutely fatal to mites, but is perfectly natural and harmless to your family and pets. Dustmite And Flea Control is not a harsh chemical or dangerous poison, but rather a natural boron compound much like the borax used in laundry cleaning. A published medical study indicates that eight weeks after the initial treatment nearly every mite in carpet or furniture will be dead... and won't come back between treatments. The 8-oz. bag dissolves to cover 200 sq. ft. of carpet when used as a spray (or 100 sq. ft. when used in a wet extraction machine). The 2-lb. bag makes enough solution to cover 800 sq. ft. as a spray (or 400 sq. ft. with wet extraction). For best results, treat twice annually.

## Anti-Allergen Solution Prevents Allergic Reactions By Neutralizing Allergens Completely

This spray neutralizes the protein in many household allergens on contact, so they become completely harmless. It denatures allergens by breaking down the protein chain bonds in dust mite waste and pet dander so that they can't harm you. But Anti-Allergen Solution also encapsulates the elements of these proteins and keeps them from recombining, so they can never cause an allergic reaction. This plant-based formula is clear, stain-free, and non-toxic. It can be safely sprayed directly on all washable household and commercial surfaces, as well as vehicles, clothing, and bedding. Also great for use on pet bedding to neutralize pet dander and dust mite allergen. Anti-Allergen Solution is the perfect companion product to Dustmite And Flea Control™ found below. Quart covers about 500 sq. ft.; gallon covers about 2000 sq. ft. Repeat every 60 days for maximum effectiveness. Another great product from The Ecology Works®.

## AllerSafe™ Spray Neutralizes Allergens At A Great, Low Price

Proprietary plant-based technology neutralizes the protein in allergens such as dust mite waste and animal dander and renders them harmless without any danger to you, your pets, or your environment. AllerSafe Destroy™, an allergen neutralizing spray, has no added fragrances or dyes, so it won't stain your furniture or carpet. Lightly spray on carpets, rugs, or upholstered furniture and allow to dry. Be sure to lightly mist, as heavy application will cause carpet or upholstery to be sticky. If too much is accidentally applied, use a damp cloth to wipe off excess. Destroy does not contain tannic acid and is safe to use on all washable and water-safe fabrics. However, it should be tested on an inconspicuous area first. Lasts 2-3 months or until your next steam or dry cleaning. ## Here's Relief For You And Your Pets, Too

Pets react to dust mite allergen and fleas like some people do by developing skin problems. Anti-Allergen Solution Pet Shampoo brings your pet and you relief in one safe, gentle-but-effective formula.

This shampoo neutralizes the protein in allergens so your pet gets relief, and its own dander is also rendered harmless to you. The stay-fresh, deodorizing formula in this shampoo also destroys pet odors and helps keep your pet smelling fresher longer. It's hypoallergenic and safe for all pets. Use regularly.

## The Dyson DC24 Ball All Floors Has HEPA Filtration And The Power To Deep-Clean All Floor Surfaces

**New!** All Dyson vacuums not only often have twice the suction of other vacuum cleaners but are outfitted with HEPA filters for cleaner expelled air. This means that the extra dirt and allergens it removes are trapped and not recycled by its exhaust air.

Dyson's patented Root Cyclone™ technology means powerful, thorough cleaning every time from the world's most efficient cyclonic technology. The motorized brush bar powered by a separate motor and the unique cleanerhead provide the best pick-up across all floor types. The super long reach makes it easy to vacuum stairs and hard-to-reach areas.

Maintenance is easy and the washable HEPA filter lasts for the life of your machine. Simply pull the bin-trigger to quickly release debris and dust from the bottom of the collection bin into the trash. If you are an allergy sufferer, please ask someone else to empty the bin. If you must do it yourself, consider wearing a mask and possibly taking the bin outdoors to empty. 5-Year Mfr. Limited Warranty (parts and labor guaranteed by Dyson for 5 years) and a 7-day/week manufacturer's helpline for product support.

### Features Include:

- 360° spin – turns on a dime
- Lifetime washable HEPA filter – no filters or bags to buy
- Combination 3-part accessory tool
- Compact because handle compresses for storage in small spaces
- Brush control to protect rugs and delicate floors and turns on and off at the touch of a button

## Breathe Pure, Cleaner Air Without All The Noise

Hunter® QuietFlo® room air purifiers filter a lot of dirty air quietly enough not to disturb a conversation or your sleep. Filter change indicators let you know when it's time to replace dirty pre-filters and main HEPA filters, and the easy-to-use controls allow you to choose the fan speed you want. Updraft air exhaust gives you more air cleaner efficiency by cleaning all the air in a room, not just what is close to the machine. And their sleek, elegant design and neutral color help them to fit right into your home. 5-Year Mfr. Limited Warranty Plus Our 60-Day Unconditional Return Privilege.

## Our Customers Comment

"I wanted to thank you for a couple of things. I emailed earlier in the month asking a question as my husband and I evaluated several places to buy allergy bedding for our family. Of the several companies emailed - yours was the only company who replied. Some of the reasons we selected your products were that they are made in the USA (and I didn't have to look too hard to find out where the products were made), your company is employee-owned - therefore taking great pride in what goes on, and when emailed a question - someone answered.

Our 4 year old was recently diagnosed allergic to household dust and prompted our bedding purchase. Now that we've had our allergy bedding for a couple of weeks, we're pleased. We don't wake up in the morning as stuffy as we used to.

Thank you for your products, what your company stands for, and all the information your website provides."

# Air Cleaners

## The IQAir HealthPro Plus Removes Lung-Damaging Particles Many Times Smaller Than Most HEPA Air Cleaners Can Normally Capture

Now you can have the same medical grade air purifier for your home that hospitals use.

IQAir® is the #1 air purifier used by hospitals worldwide, and that's why it's been featured repeatedly on ABC's hit show Extreme Makeover Home Edition. IQAir's patented HyperHEPA™ filtration filters down to 0.003 microns with a guaranteed minimum efficiency of 99%. For highly sensitive allergy sufferers and asthmatics, this additional filtration efficiency can mean the difference between comfort and misery.

In addition to HyperHEPA technology, the HealthPro Plus includes a PreMax pre-filter and an added V5-Cell gas phase filter for the control of a wide range of gaseous contaminants and odors. This 35-lb. unit is certified ozone-free and especially recommended for asthma sufferers, since their respiratory systems are often sensitive to gaseous irritants as well as allergens. A 6-speed fan, dual floor air intake, contemporary design, and a diffused clean air outlet make it perfect for almost any room (14' x 20' is the ideal size). The system comes complete with all filters, remote control, 4 casters, and certificate of guaranteed performance. Unit size: 28"H x 15"W x 16"D. 5-Year Mfr. Limited Warranty Plus Our 60-Day Unconditional Return Privilege.

### The IQAir GC MultiGas Removes Chemicals And VOC's So You Don't Have To Inhale Them

The IQAir GC MultiGas is recommended for individuals who want to control a wide spectrum of gaseous compounds, odors, and particulates. Just like a professional gas mask, this IQAir maximizes filter efficiency for different gases and odors by offering the right filter cartridge. The GC MultiGas utilizes four filter cartridges which holds up to 17-lbs. of gas phase media. See our website for a full list of gasses this filter removes.

While gas and odor control is the strength of this system, the GC MultiGas also efficiently removes small particles from the air you breathe. The overall filtration efficiency of the GC MultiGas is 99% at .3 microns. For rooms up to 14' x 20'. 5-Year Mfr. Limited Warranty Plus Our 60-Day Unconditional Return Privilege.

QuietCare™ 17005

## Reduce Airborne Allergens That Cause Those Miserable Allergy And Asthma Symptoms

If you wake up in the morning with a runny nose, itchy and swollen eyes, or experience frequent sneezing and wheezing, you may be reacting to airborne contaminants. Indoor air is loaded with microscopic dust mite allergen, animal dander, room dust, mold spores, bacteria, viruses and more. These contaminants all contribute to poor indoor air quality, which is ranked among the top five environmental risks to public health. And because modern homes and offices are built to airtight specifications to conserve energy, airborne particles just remain in the air with nowhere else to go. No wonder your system is on overload, but a HEPA air cleaner can help! A survey conducted by Riter Research found that, of physicians that recommended air cleaners, 93% consider HEPA filtration to be very effective. These Honeywell® air purifiers are portable, lightweight, footstool size and include both filters. They all feature a 3-speed motor, updraft clean air exhaust, an Intelli-Check™ filter monitor, and SurroundSeal™ technology with a permanent\* HEPA filter. 5-Year Mfr. Limited Warranty Plus Our 60-Day Unconditional Return Privilege.

### Stop Dust From Coming Into The Room

A simple and basic environmental control for any room, these high-grade, electrostatic, polyester filters remove the dust coming out of the ductwork. To install, simply cut the filters to the size of the incoming air vents in your room and attach using the 30" installation strip\* that's included with the kit. In just a few weeks, you'll see plenty of trapped dust, dirt, and lint you might have otherwise inhaled. The DustChek™ filter kit includes enough material for twelve monthly changes on a normal size vent. Or you can get the same dust-stopping material already pre-cut into six 7" x 11" filters for your convenience. Please check your vent size before ordering. For best performance, cover no more than two or three vents, change filter monthly, and treat with Goodmorning™ Purifying Spray (at right).

## Dust Literally Jumps On This Cloth And Stays There

No other dry dust cloth performs like the amazing Dust Grabber®. This high-tech fabric has a permanent electrostatic surface charge, so dust is picked up without being stirred up. Allergy sufferers benefit, since house dust needs to be picked up frequently.

Our Dust Grabber has NO odor, contains NO chemicals, has NO tacky feel, and WON'T leave a dull film. Use on any surface; especially effective on wood furniture. Makes dusting tough places like TV's and computer monitors a snap! Each stretchable cloth measures 18" x 18" and is highly durable. When dirty, just toss it into the washing machine. Even after 100 washings, it retains its dust-attracting, magnetic properties. Great as a replacement for mops that use disposable cloths, too.

# Humidity Management

## Dehumidify To Easily Reduce Mold And Dust Mites In Your Home!

**New!** The moisture found in the air is as important to a dust mite as water is to a fish. Without it, they die. Lower the indoor humidity to 50% or less and they're in trouble. Lower it to 40% or less and they literally shrivel up and die (except inside bedding where your body moisture provides the necessary humidity – that's why encasings sold on pages 4-9 are so important). These Soleus® Energy Star® dehumidifiers can operate in temperatures as low as 41° F without icing up, making them usable in any room – even in your basement – almost year round. Lowering the humidity can make a big difference in the mite population inside your entire home. Plus, allergenic fungus growth, like mold and mildew, is also controlled since it needs high humidity levels to thrive. Lower humidity takes care of musty odors as well. The rating on Soleus dehumidifiers refers to how many pints of water they are capable of removing per 24-hour period. These powerful machines can lower room humidity to desired levels even in very damp or wet conditions. 1-Year Mfr. Limited Warranty Plus Our 60-Day Unconditional Return Privilege.

For additional information on this dehumidifier see the back cover.

## Knowing Your Home's Humidity Helps In The Fight Against Mold & Mites

Monitoring the relative humidity in your home is vitally important in controlling dust mites and mold, since both thrive in moist settings. Humidity under 40% actually kills and eliminates mites completely, because it's too dry for them to survive (except in your bed where it's always warm and humid due to your body. This is why bed encasings, sold on pages 4-9, are so critical).

The Acu-Rite® Indoor Thermometer makes it easy to monitor your home with many great features. You can check the humidity and temperature at a glance with the large, clear display. It also displays max/min humidity and temperature as well as the comfort level and shows temperature in either Celsius or Fahrenheit. Requires only 1 AA battery, not included. We offer batteries below for your convenience. 1-Year Mfr. Limited Warranty.

## Fun-To-Wear Protection From Allergens And Germs

Whether you're playing, exercising or working outdoors, visiting a hospital or nursing home, or traveling in a group of people, you often need protection from allergens and germs in the air. Children, as well as adults, need protection, so we searched and found Breathe Healthy™ antibacterial masks to fill that need. Unlike disposable masks, our Breathe Healthy masks can be washed up to 100 times and still retain their efficiency and their antibacterial properties. Folds to fit in your pocket or purse. ## Safely Kill 99.9% Of Bacteria On Any Surface And Keep It Away. Kills Mold And Mildew, Too!

Sanitizing your home can involve strong chemicals that can trigger an asthma attack, but our Vital-Oxide® controls germs and mold by oxidizing them instead of bleaching them. In fact, it's so mild that you can wash your hands in it, but it's tough on bacteria and mold anywhere you find them in your home. Use it on countertops, in shower stalls, on and under sinks, in basements and crawl spaces – anywhere bacteria and mold are found.

As a broad spectrum biocide, Vital-Oxide can be used to kill germs throughout your home and has been proven effective against MRSA, E Coli, Norovirus, and Legionella in testing by certified laboratories. In recent tests using ceiling tile directly exposed to toxic mold, Vital-Oxide kept the mold from growing for 7 months with a single treatment. For removing mold stains, simply spray, let stand for a minute; then lightly scrub surface. Rinse with water; then reapply Vital-Oxide for long-lasting protection. This EPA registered product is colorless, odorless and will not harm water-safe fabrics.

## Easily Make Green Algae Disappear From Any Surface

Algae – that green film that grows outside on wood, plastic, vinyl siding, painted surfaces, stone, concrete, stucco, and brick – can give your home's exterior an unkempt look and can even harm some surfaces. That was before we introduced No More Algae™. Just spray this exclusive formula on affected surfaces and 1-4 days later all traces of algae will be gone! Best of all, you won't have to reapply for up to two years. No More Algae works great on any surface where ugly green algae grows, so your home looks like new! Quart bottle covers 75 sq. ft.

## Step One: Remove Ugly Mold And Mildew Stains Without Chlorine Or Bleach

Chlorine bleach products can be harmful to you and to surfaces with prolonged use. All Purpose NAS-12™ is a safe, non-chlorine, non-toxic, biodegradable, virtually odorless cleaner. It is designed for removal of mold and mildew stains, but the improved formula works equally well on all household dirt. Cleaning is easy and there are NO harsh fumes! Just spray it on, let stand for a few minutes, scrub lightly with sponge or cloth, and rinse.

To keep mold or mildew away, we recommend applying No More Mildew™. See Step 2 below for this unique protective coating that prevents mold and mildew growth up to 2 years.

## Step Two: Control Mold & Mildew For Up To Two Years With One Application

No More Mildew™ forms a micro-thin sealant coating that helps prevent mold and mildew growth for up to two full years! Reapply every couple of years, and mildew could be a worry of the past (showers may require more frequent application). No More Mildew will not work properly with chlorine/bleach based cleaning products. Quart bottle covers 75 sq. ft. The new formula lasts longer, requires less shaking and stays mixed longer.

### No More Mildew Benefits Include:

- No more scrubbing every few weeks, no more breathing in noxious chlorine fumes.
- Control the highly allergenic mold spore and the odor associated with it.
- Mild, non-toxic, virtually odorless solution works on any surface where mold and mildew grow. It even works on brick, painted surfaces, roofs, and in closets. Not recommended for use on glass or natural stone.
- Control musty basement and crawl space odors just by spraying on floors, walls, joists, or exposed dirt. Works on indoor plant soil, too.
- Now even easier to apply with no mixing or measuring; just shake briefly & spray.

#### Free Support From Our Highly Trained Staff:

In addition to our 24-hour order service, we have a staff of highly trained Customer Service Representatives who understand your needs and the products we carry. They are ready to answer your questions and help you make a selection. To reach them for consultation, call 1.888.498.7401 between 9 a.m. until 5:30 p.m. Eastern Time, Monday through Friday.

#### If You Need To Return Any Items:

If there is a problem at the time of delivery, please call our Returns Department at 1.888.498.7401 Monday through Friday from 9 a.m. until 5:30 p.m. for assistance in replacing the damaged or defective product. See the back of your invoice for more information about our easy return procedure.

#### Privacy Policy:

National Allergy takes your privacy very seriously and has a strict policy in place. Since inception, we have guarded the information supplied by each and every person as confidential. We have never rented, sold, given or distributed any information from our databases to any third parties.

#### Be A Distributor:

Whether you're an established business wanting to expand into the allergen avoidance products business or someone who wants to buy in case lots to get a discount for family and friends, National Allergy's Commercial Division can best serve your needs. Call 1.877.627.8775 or e-mail [commercialsales@nationalallergy.com](mailto:commercialsales@nationalallergy.com).

#### Want To Fax Your Order:

For fast, no-hassle ordering 24 hours a day, fill out the order form and fax it to 1.800.395.9303.

#### Shipping Policy:

We work very hard to ensure that you get your order quickly by stocking almost every product we carry. With few exceptions, orders are shipped within 1 or 2 business days. Our experience has shown that most orders are received between 3 and 10 business days after leaving our warehouse. Express delivery (next day, 2-day, or 3-day) is also available at extra cost. Ask for a quote from one of our trained representatives.

Please remember that our rates include a processing fee and are not just the actual freight costs. This portion of the fee goes toward the handling of your order including the materials used (boxes, tape, packing paper, etc.) as well as the labor to pick, pack, and ship your order.

Order tracking information will be e-mailed to you upon shipment if you provide your e-mail address.

#### Card Security Code:

Credit cards have a number printed on them which is used to verify that you have physical possession of the card to help prevent fraud. American Express uses a 4 digit number on the FRONT that appears above your credit card number and can be on either the right or left side. All other cards use a 3 or 4 digit number on the BACK that appears at the very end of the signature panel. You'll see either your entire credit card number or just the last 4 digits of your card number followed by the security code.

## 100% Satisfaction Is Our Guarantee To You!

We at National Allergy believe wholeheartedly in the ability of our products to help allergy, asthma and sinus sufferers. We want you to feel free to try any product thoroughly. If, within 60 days, you are not 100% satisfied, you may return the product to us, and we will gladly replace, exchange or refund the full product price to you. Our Customer Support Team will be happy to assist you at any time if you have questions or need to return a product.
