We Want To Help You Control Your Allergies & Asthma

Summer is a good time to take a look at your home with allergy-proofing in mind. While the weather is warm, tackle outdoor jobs like algae or mold removal, bathing the pets, and yard work. Indoors, think about places mold can grow and consider chemicals affecting air quality. Use **Your Keys To A Healthier Home** on the next page as a guide to help you get rid of allergens from the attic to the basement, indoors and outdoors.

If you have questions about any of our products, please contact our experts for a free consultation at **1.888.498.7401** between the hours of 9:00 a.m. and 5:30 p.m. Monday through Friday.

Here are two other National Allergy resources for additional helpful information about allergies and about drug-free products for allergy relief:

Our weekly Email Newsletter introduces products, provides timely tips and information for allergy and asthma sufferers, and offers exclusive special discounts that are only for newsletter subscribers. And it's easy to be a subscriber – just sign up at www.NationalAllergy.com/Subscribe.

Another way we like to stay in touch is through Facebook. Share your viewpoints and tips and learn from comments posted by other allergy sufferers. You can see what actual users think of products and help others by adding your own reviews.

Your Keys To A Healthier Home

1 Bedrooms/Nursery – Covering your bedding with encasings and keeping a watch on humidity levels can help in controlling exposure to dust mite allergen. To reduce animal dander, it is important to keep pets out of the bedroom. A HEPA air cleaner is ideal for this room.

2 Attic – Keep tabs on excess moisture, which can create mold & mildew if left uncorrected. Use sealed plastic containers to store items.

3 Bath – Consider using personal and cleaning products that are low in chemicals and fumes. Shower water can be filtered for chlorine removal. Keep an eye out for mold and mildew in this room especially.

4 Family/Living – The air in this room is often loaded with dust, dust mite and pet allergens so improving air quality in this room is important. Running a HEPA air cleaner and using a vacuum equipped with a HEPA filter can help.

5 Kitchen – This room can be a haven for both odors and pests – both of which can be triggers for allergies and asthma. Proper ventilation, appliance maintenance, and the use of non-chemical cleaning agents can all lessen these triggers.

6 Laundry Room – Plumbing leaks and proper ventilation are the main concerns for this room. Additionally, consider using laundry detergents designed for allergy, asthma and eczema sufferers.

7 Basement – Watch for signs of mold and mildew on concrete or dirt surfaces and keep humidity levels in check. Follow the air filter maintenance schedule for your HVAC system and consider using a high efficiency pleated filter.

8 Outside – Wear a mask when doing yard work. Remove mold from the roof, siding, deck and patio.

Mold Remediation

Indoors & Out

New Item!

The Essentials For Mold Remediation

The **Mold Clean Up Kit** contains everything you need for mold remediation after broken pipes, flooding, or water damage that causes mold. Included are: a gallon of All Purpose NAS-12™ to clean away visible mold stains, a gallon of No More Mildew™ to create a protective barrier to help prevent mold growth, the N100-rated 3M 8233 mask to prevent mold inhalation, non-vented goggles for eye protection, and heavy duty vinyl gloves to protect your hands, wrists, and forearms. Goggles and gloves sold separately online.

Kit w/ Medium Gloves 60-0128KM **\$55.99**

Kit w/ Large Gloves 60-0128KL **\$55.99**

This Two Step Process Is Guaranteed To Perform Or Your Money Back!

Step One:

Remove Ugly Mold And Mildew Stains Without Chlorine Or Bleach

All Purpose NAS-12™ is a safe, non-chlorine, non-toxic, biodegradable, virtually odorless cleaner. It is designed for removal of mold and mildew stains, but the improved formula works equally well on all household dirt. Chlorine bleach products can be harmful to you and to surfaces with prolonged use, and no chlorine means **NO HARSH FUMES!** Just spray NAS-12 on, let stand for a few minutes, scrub lightly with sponge or cloth, and rinse.

32-oz. Spray Bottle 60-0012 **\$8.49** Gallon Refill 60-0022 **\$19.96**

Control Mold & Mildew For Up To Two Years With One Application

No More Mildew™ forms a micro-thin sealant coating that helps prevent mold and mildew growth for up to two full years! Reapply every couple of years, and mildew could be a worry of the past (showers may require more frequent application). Mild, non-toxic, virtually odorless solution works on any surface where mold and mildew grow including basement floors and walls, crawl spaces, indoor plant soil, bathroom and kitchen surfaces, boats, lawn furniture, brick, painted surfaces, and roofs (please note: do not use on glass or natural stone). The new formula lasts longer, requires less shaking, and stays mixed longer. No More Mildew will not work properly with chlorine/bleach based cleaning products. Quart bottle covers 75 sq. ft.

32-oz. Spray Bottle 60-0032B **\$10.49** Gallon Refill 60-0128B **\$21.96**

Step Two:

Mold Remediation

Indoors & Out

New Items!

Make Outdoor Surfaces Fresh & Clean

TruCleanEX™ Mildew, Moss, & Algae Stain Remover easily rids outdoor surfaces of unsightly black or green stains. Simply apply, let stand about an hour, and rinse. Choose your application method – hose-end that allows you to hook the bottle to a regular garden hose (covers 1,000 sq. ft.), concentrate for large jobs (covers 1,000 sq. ft.), and pre-mixed spray for smaller areas (covers 60 sq. ft.). These products contain no chlorine bleach, ammonia, or phosphates so it is safe for your family and the environment.

- 32-oz. Hose-End Sprayer 600-3312 **\$17.99**
- 32-oz. Concentrate 600-3146 **\$19.99**
- 32-oz. Ready-To-Use Spray 600-3139 **\$12.99**

Mold Remediation

Humidity Control

Dehumidify To Easily Reduce Mold And Dust Mite Populations In Your Home

When the relative humidity in your home is over 50%, the **Soleus® Dehumidifier** will remove excess moisture from the air to reduce mold and dust mites. These Soleus Energy Star® (rated for low energy consumption) dehumidifiers can operate in temperatures as low as 41° F without icing up, making them usable in any room – even in your basement – almost year round. The capacity on Soleus dehumidifiers refers to how many pints of water they are capable of removing per 24-hour period. These powerful machines can lower room humidity to desired levels even in very damp or wet conditions. **1-Year Mfr. Limited Warranty** Plus Our 100% Money Back Guarantee. No extra shipping and handling charges apply.

Model Number	Item Number	Coverage Area (sq.ft.)	Capacity (pints)	Power Supply	Power Usage (watts)	Noise Level (decibels)	Weight

Humid Bathrooms Need Help Against Mold

When mold threatens your bathroom, replace the old shower curtain with a heavy duty vinyl **Shower Curtain** to inhibit the growth of mold, mildew and even bacteria. Cleaning is a snap, just launder it on gentle. Or better yet, treat with No More Mildew™ (on page 4) for superior protection. Reinforced ring holes won't tear out like they do on thin-weight curtains. Available in white only.

70" x 72" Curtain 11-7072 **\$15.49**

Indoors & Out

Prevent Mildew, Mold, & Algae Growth While You Paint

New Item!

MX-3® Complete Mildewcide is a no-odor, low-VOC paint additive that inhibits mildew, mold, and algae growth on paintable surfaces. This EPA-registered product can be used in all interior and exterior latex, water based, oil and solvent based paints, stains, coatings, and adhesives. 1.5-oz. treats one gallon; 7.5-oz. treats 5 gallons.

7.5-oz. Bottle 600-0075 **\$14.99**
 1.5-oz. Bottle 60-0016 **\$4.49**

Keep Rooms Mold Free The Natural Way

The **CitriSafe™ Cabinet** can dramatically reduce mold spores and other biological agents. The cabinet silently dispenses CitriSafe, an odorless, botanical cleanser, throughout a room to effectively reduce mold spores and other harmful contaminants that you would otherwise inhale. Use in your bedroom, bathroom, or kitchen. The battery powered cabinet includes one 2-oz. cleanser cartridge that will last up to 6 weeks and two D-cell batteries. Each unit will treat 200 sq. ft.

CitriSafe Cabinet 920-9001 **\$49.99**
 3 Refills 920-8032 **\$27.99**
 6 Refills 920-8062 **\$49.98**
 12 Refills 920-8122 **\$92.96**

Kill Mold Easily And Prevent Its Regrowth

Mold Control 500™ is an easy-to-use, EPA-registered product that works like the mold elimination products the pros use but costs far less. One Mold Control 500 kit will remove mold in areas up to 500 square feet. It's biodegradable and safe to use on porous and nonporous surfaces both indoors and out. Unlike bleach, it kills mold and keeps it from coming back! Kit includes Mold Control liquids, mixing bottle, propellant cartridge and sprayer.

Mold Control 500 Kit 602-0500 **\$29.99**

Carpet Treatments

Controlling Allergens At Floor Level

Neutralize Dust Mite Allergen & Pet Dander

Anti-Allergen Solution from The Ecology Works® neutralizes the protein in dust mite allergen and pet dander and encapsulates the elements of these proteins to keep them from recombining, so they can never cause an allergic reaction. This plant-based formula is clear, stain-free, and non-toxic. It can be safely sprayed directly on all washable surfaces including carpet, upholstered furniture, vehicles, clothing, and pet bedding. Use Anti-Allergen Solution every 60 days between applications of Dustmite And Flea Control™ (below) for maximum effectiveness. Quart covers about 500 sq. ft.; gallon covers about 2000 sq. ft.

3-oz. Travel Bottle 360-2115 **\$6.99**
 32-oz. Spray Bottle 360-2116 **\$20.99**
 Gallon Refill 360-2117 **\$61.96**
Buy 32-oz. & Gallon 360-2118 \$71.95

Safely Kill Dust Mites Living In Your Carpet

Dustmite And Flea Control from The Ecology Works® is a natural boron compound that effectively kills dust mites, but is completely harmless to your family and pets. Mix the powder with water to use in a spray, or use it in a carpet steamer or wet extraction machine. For ease of use, try the pre-mixed solution without sacrificing dust mite killing abilities. The 8-oz. bag covers 200 sq. ft. of carpet as a spray (or 100 sq. ft. in a wet extraction machine). The 2-lb. bag covers 800 sq. ft. as a spray (or 400 sq. ft. with wet extraction). Now, also available in a pre-mixed spray which treats 100 sq. ft. For best results, use twice annually and apply Anti-Allergen Solution (above) in between treatments.

8-oz. Bag 360-1115 **\$10.49**
 2-lb. Bag 360-1116 **\$31.96**
 32-oz. Spray Bottle 360-1120 **\$10.49**

Neutralize Allergens At A Great, Low Price

AllerSafe™ Dustry™ neutralizes the protein in dust mite allergen and animal dander and renders them harmless to you, your pets, and your environment. The plant-based formula has no added fragrances or dyes and no tannic acid so it won't stain your furniture or carpet. Lightly mist on carpets, rugs, or upholstered furniture and allow to dry. Heavy application may cause stickiness, but excess can be wiped off with a damp cloth. Use every 2-3 months and after each steam or dry cleaning. 32-oz. bottle covers about 500 sq. ft.; gallon covers about 2000 sq. ft.

32-oz. Spray Bottle 400-1000 **\$15.49**
Save when you buy 4 or more \$12.99 ea.
 Gallon Refill 400-4000 **\$41.96**

Carpet Treatments

Clean & Reduce Allergens

The All-In-One Carpet Treatment

Try the **X-Mite**® complete treatment system that cleans your carpet while reducing mite allergen and animal dander – two major triggers of asthma and allergic rhinitis. Just apply the moist powder every 2 to 3 months by brushing it into carpeted surfaces (see optional application rake below). When dry, remove the product by vacuuming. X-Mite both cleans and neutralizes allergens for a cleaner, allergen-free home. The 1-lb. bag treats approximately 150 sq. ft. Not for use on cottons, silks, or Oriental rugs.

For the most effective treatment, rotate use of X-Mite with Allerseach® ADS™ Spray (below).

1-lb. Bag 60-2101 **\$23.99**

Save when you buy 4 or more \$19.99 ea.

Optional Application Rake

Easily work carpet treatment powders down into the carpet fibers.

Application Rake 12-9555 **\$16.99**

Safe And Natural Allergen Neutralizer

Allerseach ADS™ Spray* is one of the environmental controls most recommended by allergy specialists. Dust mite allergen and animal dander can be kicked up just by walking across carpet and trigger allergic reactions such as sneezing, wheezing, runny nose, and itchy eyes. Safe and virtually odorless, Allerseach ADS has been proven to neutralize allergens on carpet and upholstery. Quart covers about 500 sq. ft.; gallon covers about 2000 sq. ft. Repeat every 2-3 months and alternate with X-Mite (above) for maximum effectiveness. Future carpet cleaning should be done with a dry method only. See Capture® Dry Carpet Cleaning Kit (below).

32-oz. Spray Bottle 60-2100 **\$23.99**

Gallon Refill 60-2128 **\$88.96**

**Not for use on white or off-white fabrics or on water-sensitive materials such as silk or Haitian cotton. For whites, see Allerseach ADMS on our website.*

Clean And Freshen Carpet Without Steam Cleaning

Capture™ Carpet Cleaner deodorizes and cleans while removing surface allergens from your carpets and upholstered furniture. Its advanced formula polymers act like little sponges to collect and hold dirt and allergens so they can be easily vacuumed up. Simply lightly spray on the pre-mist (use a little extra on soiled spots), then brush in the powder. Allow time (at least 30 minutes) for Capture to work, then vacuum. Getting rid of dirt and allergens has never been easier. Kit includes 24-oz. soil release pre-mist spray, applicator brush, and 4-lb. pail of Capture – enough for 400 sq. ft. Use as often as needed on spots, high-traffic areas or the entire carpet.

Capture Carpet And Rug

Dry Cleaning Kit 81-7106 **\$31.99**

Indoor Air Quality Vacuum Cleaners

Quietly Clean Hard Surface Floors And Rugs With Low Energy Usage

The **Electrolux Ergospace™ Green** canister vacuum was made for you and the environment. Features include: easy storage and maneuverability; telescopic wand; upholstery nozzle, dust brush, & crevice tool; soft wheels; and 2 floor tools. The Ergospace Green is good for you because it efficiently cleans carpet and hard surface floors, and its HEPA filter prevents dirt and dust from getting back in the air through the exhaust. It's good for the environment because the 11-lb. Ergospace Green is the most energy-efficient vacuum available and is made of 55% recycled plastics. **2-Year Mfr. Keeping Dust To A Minimum

Wet It, Wring It, Wipe It – You’re Going To Love This Product!

Replace your entire supply of paper towels, sponges and cleaning chemicals with our hypoallergenic, environmentally safe **Miracle Microfiber Towels**. One strand in this fabric is 100 times thinner than a human hair and each acts like a little hook, which means it does an exceptional job cleaning just about any surface. You will love how these microfiber towels make your home shine. The uses for the Miracle Towel are limitless. Truly a great product at a great price. Each measures 16" x 16".

3-Pack 65-6003 **\$17.99**

Ever Wish Someone Would Invent An Easy Way To Clean Blinds? Someone Did!

Our new **Blinds Microfiber Duster** with 3 cleaning heads cleans the tops and bottoms of two slats at a time to help you make quick work of all of your blinds. The handle of this microfiber duster is ergonomically designed. The 9½" handle is made at an angle to keep it from putting stress on your wrist, and the finger slots help you get a good grip for better control.

Blinds Duster 65-6004 **\$10.49**

Remove Indoor Allergens As You Dust

Odorless **Eat My Dust®** by **De-Mite®** is the first furniture polish and dusting spray made for allergy and asthma sufferers. Capture and eliminate the irritating allergens in house dust while giving your furniture a beautiful shine. Plus there's no oily residue to attract dust and allergens. Non-aerosol pump sprayer is safe for you and the environment.

10-oz. Spray Bottle 50-8400 **\$11.99**

Prevent Allergens On Fabrics From Becoming Airborne

De-Mite® Fabric Sealer encapsulates dust on fabrics to stop it from becoming airborne but doesn't leave any residue on the fabric surface. Works great on upholstered furniture, pet bedding, drapes, and curtains. Virtually odorless, and leaves your home's fabrics smelling fresh and clean. Non-aerosol pump sprayer.

10-oz. Spray Bottle 50-8500 **\$12.99**

Action Fiber Dry Mop

Effective And Economical Floor Cleaning

The versatile **Action Fiber® Mop** makes floor cleaning a breeze! The wide microfiber dry mop head dusts hard surface floors quickly and easily, and the optional damp mop head cleans better with water than most mops used with harsh detergents. Comes with a telescoping 44" long handle and dry mop head, or order the kit and get **both** mop heads for all your cleaning needs.

Whole-House Filtration

Clean The Air As It Enters Your Home

Effectively Filter Your Home's Air Using Your Furnace Fan

Filtrete® Furnace Filters from 3M provide allergen reduction in your home every time your heat or air conditioning comes on. The Filtrete electrostatically charged fibers act like tiny magnets to attract and capture small particles while allowing cleaner air to pass through the filter. For optimum benefit, set your fan to the "on" position all the time. Replace filters every 3 months. Three levels of filtration are available.

Stop Dust Before It Enters The Room

Attach **DustChek™** filters to your HVAC vents and in just a few weeks, you'll see plenty of trapped dust, dirt, and lint you might have otherwise inhaled. These high-grade, electrostatic, polyester filters capture the dust coming out of the ductwork. Choose the 16" x 60" roll and cut to the size of your incoming air vents or choose the pre-cut pack of six 7" x 11" filters. Please check your vent size before ordering. For best performance, cover no more than two or three vents, change filter monthly, and treat with **Goodmorning™ Purifying Spray** (below) to stop mold. 30" installation strip included, and additional strips are available.

16" x 60" Roll	30-1000	\$13.49

And Stop Mold Before It Enters The Room

Just a few quick sprays of the **Goodmorning™ Purifying Spray** on your vent filter (above) will help prevent mold spores from coming into a room. This filter solution is a specially formulated, all-natural, botanical cleanser that protects, purifies, freshens, and deodorizes any surface. For best results, spray your vent filter daily.

Air Purifiers

Own The #1 Rated HEPA Air Cleaner*

Whirlpool® Whispure™ air cleaners blend expertise in home appliances with revolutionary filter technology, and that results in rooms full of pure, filtered air. Features include: easy filter change, energy efficiency, top-of-unit air output so it can even work against a wall, and filter change indicator lights. The Whirlpool Whispure is so quiet, it won't disturb your conversation or your sleep and comes with a Quiet Guarantee from Whirlpool. *5-Year Mfr. Limited Warranty* Plus Our 100% Money Back Guarantee.

Special Features Of Whirlpool Air Cleaners

- Quiet operation through advanced filter and fan technology.
- Truly easy to operate. The AP510 has touch sensitive, electronic controls.
- Three fan speeds on the AP250 & 450. The AP510 has a 4-speed fan.
- Easy filter changes - simply remove the front panel and replace the filter.
- Filter change indicator lights remind you when it's time to change filters.
- Carbon pre-filter removes smoke and odors.

About The Whirlpool Whispure
HEPA Air Purifier Model AP450 —

“GREAT cleaner for the money; very quiet on low. If you have another [\$] to spend, though, consider the model that also has Turbo speed [The AP510], great to use while dusting and stirring up the air, and a comfortable carry handle if you need to move it from room to room.”

Heidi

Perfect For Travel Or Office

The compact, lightweight Vapor-Eze™ Clean Air 5000 provides cleaner air in your personal space. Features include: five-stage filtration that helps reduce particles and many odors, quiet operation, AC (room) adapter, and DC (car) adapter. Freshen and revitalize the air in a car, office, hotel room, or small bedroom. Asthmatics should consult a doctor before ordering because a very small amount of ozone is emitted. Compact size – 6" W x 9" L x 2½" H. Coverage area is 12' x 15'.

From Our Online Product Reviews

– Make Sure to Leave Your Product Reviews The Next Time You Visit www.NationalAllergy.com.

“I received this product [Austin Air HealthMate Plus] several months ago and have been waiting before I review it. I have very bad MCS—I couldn’t even sleep in my apartment because the smell of the heat was making it very difficult for me to breathe. My husband has nicknamed this product my “little buddy”, and I wheel it into any room where a smell is bothering me. Now I can sleep at night, so to me that’s a great success—and price-wise, compared to similar products it was definitely the best buy.”

Meg

For Extraordinary Air Cleaning Efficiency

Now you can have the same medical grade air purifier used in hospitals for your home. The **IQAir® HealthPro Plus** has patented HyperHEPA™ filtration that filters down to 0.003 microns with a guaranteed minimum efficiency of 99%. The ozone-free HealthPro Plus also has a PreMax pre-filter and an added V5-Cell gas phase filter for the control of a wide range of gaseous contaminants and odors. Features include: 6-speed fan, dual floor air intake, contemporary design, and remote control. For highly sensitive allergy sufferers and asthmatics, this additional filtration efficiency can mean the difference between comfort and misery. **5-Year Mfr. Smart Cleaning Choices

Eliminates Dust Mites Even In Cold Water

Now there's an alternative to washing your bedding in extra-hot water. Just 1½ tablespoons of **DeMite® Laundry Additive** in hot, warm, or cold water will eliminate dust mite allergen in your bedding or clothing. DeMite contains benzyl benzoate in one of the most effective mite-allergen reducing formulas available anywhere. So give your bedding and clothes a break from hot water washing and still solve the dust mite problem with DeMite added to your regular detergent. Safe to use with all washable and colorfast fabrics. Measuring cup included.

8-oz. Bottle 50-8000 **\$16.99**

33.8-oz. Bottle (Save over **\$16.50**) 50-8032 **\$54.99**

Neutralize Allergens Even In Cold Water

Just one ounce of **Anti-Allergen Solution Laundry Detergent** by **The Ecology Works®** in any temperature water treats an entire load of clothing and bedding, leaving it super clean, springtime fresh, and free of allergens. For high-efficiency washers, use only one-half ounce! The fragrance-free formula leaves no chemical residue that can cause skin irritation. This hypoallergenic detergent also separates oils, fats, and other soil from fabrics so your wash rinses completely clean.

40-oz. Bottle – 40 Loads (80 HE Loads)

Clean And Sanitize Hard Surface Floors With Only Steam

The **Bissell® Steam Mop** makes hard surface floor care almost

effortless. Steam dislodges stains and dirt that regular damp mops can't clean without scrubbing. At only 7-lbs., the Bissell Steam Mop is light and easy to maneuver even into corners and under cabinet ledges.

The 18-foot power cord gives plenty of reach to cover even large rooms.

The 17.5-oz. tank is more than ample for most cleaning jobs so there is no need to stop and refill the tank. Comes complete with two reusable microfiber mop pads. Recommended for all sealed hardwood, tile, grout, and laminate floors.

Ingeo Pillow, See Page 24

Natural Living® Luxury Down Alternative Comforter With Ingeo™ Fibers Warm You And Also Your Heart For Planet Earth

Imagine a warm, silky, 300 thread count comforter filled with fibers made from natural, renewable raw materials, like corn, and one that not only does not use harsh chemicals but requires less energy to produce. Imagination becomes reality in the new **Natural Living Comforter**. We have sold a variety of comforters since we launched our catalog back in 1995, but we like this one for the price better than any we have ever offered. This extremely high quality, medium warmth comforter can be machine washed and dried, is hypoallergenic and does not support bacterial growth, so it stays fresh. For complete dust mite protection, consider a comforter cover or inner liner found on pages 22-23. *10-Year Mfr. Limited Warranty.*

Twin, 65" x 88" 610-3049 40-oz. Fill Weight **\$109.99**
Full/Queen, 90" x 92" 10-3050 54-oz. Fill Weight **\$149.99**
King, 107" x 92" 610-3051 62-oz. Fill Weight **\$169.99**

Natural Living® Luxury Down Alternative Mattress Topper With Ingeo™ Natural Fibers Helps Make Even A Firm Mattress Downy Soft

Ever wonder how to get a better night's sleep? Well, stay away from caffeine after lunchtime and add some extra comfort to your bed. A comfortable sleeping surface helps you sleep in one position longer, so you sleep more deeply. That's the whole idea behind our new **Natural Living Mattress Topper** that keeps its 3" loft much better than down, because the natural fibers made from renewable materials, like corn, spring back after use. The 7-inch channels keep the natural, hypoallergenic fibers in place. The silky soft, 230TC, all-natural white cotton shell feels softer than most sheets, and the fiber fill resists the growth of bacteria to help maintain freshness. So, a better night's sleep is just a mattress topper away! *10-Year Mfr. Limited Warranty.*

Not Just For Winter Anymore, Our Light-Weight Micro-Fleece Is Perfect For Those Cool Summer Nights

Get Year-Round Comfort With Berkshire Microloft™ Fleece Blankets

People who suffer with dust mite allergies need attractive blankets that can be washed in very hot water without any harm to the blanket, but they are often not easy to find.

Polyester fleece blankets have been improved so much since they were introduced to the market many years ago that you would hardly recognize them now. The **Berkshire Microloft Fleece Blankets** are made with velour-like micro-plush fibers so they never shrink, pill or mat, even after repeated hot-water washing and drying. Unlike heavy wool blankets, these light-weight, all-season blankets can stay on your bed year round.

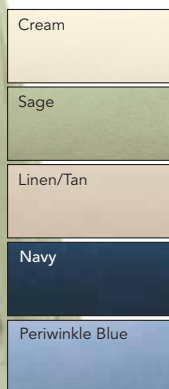

Available in Cream, Sage, Linen/Tan, Navy, and Periwinkle Blue. Colors may vary with dye lot.

100% Money Back Guarantee.

Keep Your Comforter Clean And Mite Free

If you love the feel of your warm, fluffy comforter but your allergies don't, protect yourself from allergic reactions with a zippered **BedCare™ Elegance Mite Proof Comforter Cover**. Top quality construction shows in the full-length zipper and reinforced seams. By using only a single layer of tightly woven, 100% polyester microfiber fabric, this lightweight comforter cover blocks allergens but breathes freely to help you avoid allergy triggers throughout the night. Now in your choice of four designer colors and white. Please specify color when ordering. Colors may vary slightly by dye lot. Machine wash and dry. *Lifetime Warranty*.

Hold Your Comforter in Place

Eliminate sliding and shifting of any comforter that's inside a comforter cover, inner liner or duvet with these handy Comforter Clips. These soft, padded duvet clips won't harm fabrics and are easily removed for laundering or storage. 4 clips work on any size or kind of comforter.

Padded Comforter Clips - 4 Pack 16-9029 **\$8.49**

BedCare™ Fitted Mattress Travel Cover Helps You Avoid Allergens While You're Away From Home

Since we never know what's lurking in hotel mattresses (we can only imagine), we've designed an easy way to protect you with our **BedCare™ Classic Mattress Travel Cover**. Unlike a regular mattress encasing with a zipper, the new Travel Cover is fitted and has elastic corners, so it's easy to install and remove. It protects you from mold, allergens and other impurities that might be found in mattresses while you are traveling. Made of the same lightweight polyester knit fabric joined to an ultra-thin ComforTech™ membrane as our Classic encasing featured on page 28, our Classic Travel Cover is also water resistant. Machine wash and dry on low. Do not bleach. Fits most mattresses up to 15" deep. *Lifetime Warranty*.

Full 17-1000 **\$35.99**
Queen 17-2000 **\$41.99**

By National Allergy

BugShield™

See page 46 for a complete description of the benefits offered by BugShield technology.

Box Spring Covers With No Crinkly Noise And No Vinyl Odor

Unlike vinyl covers, **BedCare™ DuraTEK™** non-woven covers breathe, so they won't trap moisture in your bedding. However, they will trap bed bugs, dust mites and their allergen to keep you safe all night long. Our new DuraTEK Box Spring and Platform Covers are made with care by our same craftsmen in North Georgia who make our pillow and mattress encasings, and they inspect each item they make to ensure that it works right for you every time. Now made with BugShield™ zipper closures for bed bug protection. **10-Year Warranty.**

Box Spring Encasings

BedCare™ Elegance
Mite-Proof Pillow

Made In The USA

By National Allergy

Our BedCare™ Elegance Mite-Proof Pillow Has A Convenient Built-In Encasing

The shell of this pillow is made from our BedCare Elegance fabric which is our top-of-the-line, most luxurious to the touch material. The 100% polyester microfiber fabric is so tightly woven that even the smallest allergens can't pass through, but air can so it is cool and breathable. And the polyester fill makes this pillow tops in softness and comfort, too. Since the shell is mite-proof, you get a pillow and an encasing all in one. Machine wash and dry. Made in the U.S.A. **5-Year Warranty.**

The Natural Living® Extra Loft Pillow With Ingeo™ Fiber Fill Is The Official Sponsor Of Sweet Dreams

Pillows are very personal things, and we take great care to find ones our customers enjoy so much they carry them along on overnight trips. These new **Natural Living Pillows**, filled with fibers made from natural, renewable materials rather than petroleum-based fibers, can be machine washed and dried and resist the growth of bacteria, so they stay fresher longer. Medium firmness and loft. Std./queen size requires a queen size pillow encasing. Pillow should be encased to remain mite free (see pages 27-29). **10-Year Mfr. Limited Warranty.**

Great Sleep Starts With Our Beautyrest® MicroDown™ Pillow

If you enjoy the soft, silky feel of down, but your eyes and nose tell you not to go there, you'll swear that our **MicroDown™ Pillow** is the "real thing". But it's not; these pillows contain no feathers or down, so there is nothing to make your eyes or nose itch. Soft, down-like microfibers are finer than silk but completely hypoallergenic, so you can spoil yourself with comfort without aggravating your allergies. This pillow, with gusseted sidewalls, offers extra neck support for side sleepers and is made with a 100% cotton, 230-thread count cover. Washable. Pillow should be encased to remain mite free (see pages 27-29). **5-Year Mfr. Limited Warranty.**

Air Moves In And Out Of The
Micrenza™ Bio-Filter And
Cover. But Germs, Mold, And
Allergens Are Kept Out.

Reinforced Seams Provide
Increased Protection

Cradle Your Head With The Comfort Of Pacific Coast® Down

The **Pacific Coast® Double DownAround™ Pillow** with its unique pillow-in-a-pillow design combines the cloud-like softness of Hyperclean® down with the support and firmness of feathers to provide lasting comfort. The sealed, sewn-in fabric center filled with small feathers is sandwiched between two layers of down. Double DownAround pillows are backed by the Pacific Coast Allergy Free™ Warranty due to the Hyperclean process in which the down is washed and rinsed up to eight times to remove dust, dirt, and allergens. The 100% cotton cover is made with a 300-thread count, Barrier Weave™ fabric that keeps the feathers inside the pillow. Pillow should be encased to remain mite free (see pages 27-29).

5-Year Mfr. Limited Warranty.

Our Healthy Dreams™ Pillow Stops The Growth Of Cold And Flu Germs

Most pillows begin growing mold, bacteria, and dust mites soon after you start using them, and the problem only gets worse over time. That's because we breathe moisture into our pillows as we sleep. But we designed our exclusive new **Healthy Dreams Pillow** with the Micrenza™ bio-filter to be the first truly germ-free, mold-free, and allergen-free pillow available, so you can sleep safely without breathing in harmful biological particles that cause congestion and infection. No other pillow has a filter to protect you.

- **The outer 300TC cotton fabric of the pillow is bonded to a soft, stretchable, ComforTech membrane that keeps moisture from passing into the pillow.**
- **The cotton shell has been treated with a germ and mold fighting agent to keep anything from growing on the surface.**
- **All of the air that enters into or out of the pillow must pass through the Micrenza bio-filter to ensure that nothing harmful enters into it.**

10-Year Warranty Plus Our 100% Money Back Guarantee.

Begin In The Bedroom

Make Sure Your Bedroom Is Your Allergy Safe Zone

1. Manage Humidity - Check humidity often and monitor levels since dust mites and mold spores thrive in a humid environment. Keep humidity levels at 50% or less by using a room air conditioner or dehumidifier. **Page 6**

2. Take Control Of Dust - Avoid cloth drapes as these can collect allergens; use shades or blinds and dust often. Also, remove other dust catchers like books and stuffed animals. **Page 11**

3. Furniture Choices - Choose wood, leather or vinyl for furniture, because dust mites cannot live on those surfaces, and cleaning is easy. **Page 11**

4. Allergen Proof Encasings - Use mite-proof encasings on all bedding, including pillows, mattresses, box springs, and comforters. **Pages 26-29**

5. Laundry Care - All bedding that cannot be encased should be washed in hot water (140° F) every 10 to 14 days. This rinses away allergens, and the hot water kills mites. Or, use a special laundry product for allergy sufferers. **Pages 18-19**

6. Purify Your Bedroom Air - Remove airborne allergens with a high-powered HEPA Room Air Cleaner. Be sure to get a unit powerful enough to handle your room size. **Pages 14-17**

7. Carpet Treatment - Use throw rugs instead of wall-to-wall carpeting, or treat carpeting with an anti-dust mite spray or powder. You may want to consider using high efficiency vacuum bags or purchasing a True HEPA Vacuum Cleaner to greatly reduce emissions. **Pages 8-10**

8. Filter Your Home's Air - Use filters over incoming vents in the bedroom, or consider a whole house furnace filter to reduce dust throughout your home or apartment. **Pages 13**

BedCare™ Encasings – The Nation's Best-Selling Allergen Barrier Bedding

Recommended By Doctors

The reason thousands of doctors prescribe BedCare encasings is that they are the #1 way to avoid dust mite allergen which is found in large quantities in nearly all beds.

Tested In Independent Labs

BedCare encasing fabrics, seams, and zippers have been tested and proven to be impenetrable to dust mites, allergens, and bed bugs. Our encasings are 100% effective as an allergen and bed bug barrier.

Made In America

We take great pride in providing allergy covers for your bed that are made in our own manufacturing plant in North Georgia. Our employee-owners take care in sewing each BedCare encasing and inspect every one individually for quality.

Top-Notch Protection

As an added measure of protection, the patented BugShield™ Two-Part System (see more on pages 46-47) has been implemented in all our mattress encasings. Now BedCare mattress encasings offer the best possible protection for your bedding from bed bug infestation so you can sleep easier.

Allergen Barrier Bedding

BEDCARE™ *Elegance*

Made In The USA

Top-Of-The-Line In Luxury And Construction

BedCare™ Elegance encasings are for those who want the very finest, most luxuriously soft and cool encasings available anywhere. Elegance covers are made from a high performance, 100% polyester microfiber fabric that blocks all dust mite allergen and most other particles even as small as cat dander. They remain breathable beneath your sheets, so you always sleep comfortably. We take extra care in the design and construction of Elegance encasings with features such as inner zipper covers, bound seams, and mattress side panels to give them a perfect fit even after repeated washings. Mattress encasings are now made with BugShield™ zipper closures for bed bug protection. Mean pore size of 2.9 microns. **Lifetime Warranty.**

BEDCARE™ Classic

Made In The USA

By National Allergy

Water Resistant Mite-Proof Covers For Your Bed

BedCare™ Classic dust mite and mold impermeable pillow and mattress covers are made of a lightweight, polyester-knit, outer fabric joined to an ultra-thin, allergen-proof, ComforTech™ polyurethane membrane. Because of this water resistant barrier membrane*, these encasings cannot be measured in terms of mean pore size as nothing passes through them. Classic encasings have premium, rustproof zippers and reinforced seams. Mattress encasings are now made with BugShield™ zipper closures for bed bug protection. *Lifetime Warranty.*

* To maintain water resistant barrier, do NOT use bleach or a hot dryer when laundering.

Remember: Before Ordering, Check Your Mattress Depth

Allergen Barrier Bedding

BEDCARE™ Supreme

Made In The USA

By National Allergy

Lightweight Breathability And Dust Mite Allergen Protection

This lightweight, incredibly soft and breathable woven encasing gives you excellent comfort and perfect protection from mite allergen while you sleep.

BedCare™ Supreme is a 100% polyester microfiber barrier fabric woven so tightly that dust mites and their allergen can't pass through. Other encasings made of highly constructed allergen barrier fabrics like ours often cost much more. Machine wash and dry. Mattress encasings are now made with BugShield™ zipper closures for bed bug protection. Mean pore size of 4.6 microns. **Lifetime Warranty.**

BEDCARE™ Basics

Made In The USA

By National Allergy

Durable, Breathable, Washable

Get complete dust mite allergen protection along with a soft, durable, lightweight encasing for a refreshing, comfortable night's sleep. **BedCare™ Basics** is made from SofTEK2™, a high tech, 70% polyester and 30% nylon microfilament fabric. Since this fabric is non-woven, it cannot be measured by mean pore size. It's so strong and durable, you can machine wash and dry it as often as you desire. Great for traveling and for college dorm rooms. Mattress encasings are now made with BugShield™ zipper closures for bed bug protection. **10-Year Warranty.**

“I just want to thank you [Sondra] for your prompt and oh-so-courteous response to my pillow return, and THANK YOU for the gift of the hair gel! I love it, and my scalp does not react to it! I will recommend your company to others. I don't order a lot, as we are not particularly allergic people, but I've found your sales people to be some of the nicest in the industry, and your products terrific. Thank you again!”

"The order I recently placed online was just delivered, and I just wanted to tell you what a pleasure it is to do business with your company. As a relatively new customer (within the past year), I am so impressed with the promptness and accurateness of your service, the care taken in packing (especially the packaging of bottles that could leak). In a world that many times has a lackadaisical attitude in customer service, National Allergy stands out as jewel in the area of customer satisfaction! Thank You!"

Effective Natural Pain Relief

Pain Relief In Five Minutes Or Less

Super Blue Stuff OTC Pain Relief Cream with Emu Oil works fast (within 5 minutes) to relieve arthritis pain, muscle pain, joint pain, backaches, bruises – almost anywhere you hurt. Gently and evenly distribute a thin coat over the surface of your skin; lightly-scented Super Blue Stuff will soak into your skin in minutes without the need for excess rubbing. And you can apply four times each day for continuous relief. This product is not intended to diagnose, treat, cure, or prevent any disease.

Feel The Difference Filtered Shower Water Makes

Enjoy chemical-free, pH-balanced showers with a **Royale™ Hand-Held Shower Filter** from **Sprite®** that leave skin and hair feeling softer and cleaner. The hidden, replaceable cartridge in the handle initially filters 99% of chlorine, other chemicals, and odors from your water. After approximately 3 months of use or processing 3,000 gallons of water, the filtering capacity decreases to 75%, and it is time to replace the filter. The easy-to-install, adjustable showerhead features a 5-way spray ranging from a fine mist to an invigorating pulse massage.

Controlling Pet Allergen

Remove Dander And Soften Pet's Skin To Reduce Allergen Levels

Allerpet® cleanses away dander and softens the pet's skin so less dander (dry skin flakes) is produced. The solution is non-toxic, non-oily, and safe for cats, dogs, and other furry or feathered pets. Pour a small amount onto a washcloth and rub into your pet's skin. Allerpet is a moisturizing conditioner, not a shampoo. Dander will significantly drop with regular weekly use.

16-oz. Bottle 50-3500 **\$9.99**
Save when you buy 4 or more \$8.99 ea.

Neutralize Allergens While You Shampoo Your Pet!

The safe, gentle-but-effective formula of **Anti-Allergen Solution Pet Shampoo** from The Ecology Works® neutralizes the protein in allergens so your pet gets relief from allergies, and its dander is also rendered harmless to you. This shampoo also destroys pet odors and helps keep your pet smelling fresher longer. It's hypoallergenic and safe for all pets. Use regularly.

16-oz. Bottle 360-2302 **\$10.49**
Save when you buy 4 or more \$8.99 ea.

Have A Cleaner, Fresher, Allergen-Free Pet

Allersearch® Pet+™ Anti-Allergen Pet Shampoo is hypoallergenic and gently conditions your pet's skin while neutralizing allergens, removing dander and destroying odor – all without the use of dyes or ammoniates. Biodegradable and fragrance-free, the all natural formula is made from plant and root extracts. Allersearch Pet+ cleans, conditions, and protects your pet's skin against fleas and ticks. Effective for up to 30 days.

16-oz. Bottle 60-2104 **\$14.99**
Save when you buy 4 or more \$13.49 ea.

The Easy Way To Keep Pets Clean & Allergen Free

Quick Bath™ Pet Wipes

make it easy to wipe dander off of your pet's coat, so less of it gets into your home. The lightly scented wipes are specially treated with safe, gentle cleansing and antiseptic agents. Quick Bath's moisturizing formula also softens the pet's skin with Vitamins A & E and aloe vera so less dander is produced. Four-month supply includes 10 wipes in a resealable pack. Use twice the first week, then once every two weeks.

Sinus Care – Naturally!

Feel better when you relieve nasal congestion and sinus pressure with nasal/sinus irrigation and natural, non-steroid nasal sprays. Moisten nasal and sinus passages and loosen mucus to breathe more freely. Prevent excess congestion and infection with regular use to keep nose and sinuses healthy.

Natural Sinus Care

A | Get Relief From Achy, Swollen Sinuses

Clear-Ease® is an all-natural blend of fruit enzymes from papaya and pineapple used to reduce swelling and inflammation and to thin mucus. Get relief from blocked ears associated with congestion, air travel, and scuba diving. Clear-Ease even helps to reduce painful sinus, throat, and joint swelling. Developed by a board-certified ENT. No sugar added.

60 Tablets 69-0300 **\$20.99** Save when you buy 4 or more **\$18.99** ea.

B | Fight Germs While Removing Nasal And Sinus Irritants

The germ-fighting formula in **SinoFresh® Antiseptic Nasal Spray** removes airborne irritants like bacteria, dust, and pollen while it freshens and invigorates your nose and sinuses. SinoFresh is non-habit forming, non-steroidal, does not promote antibiotic resistance, and has no known drug interactions. SinoFresh Antiseptic Nasal Spray is safe for children 6 years and older, diabetics, pregnant or lactating women, and hypertensive individuals. For the most effective preventative care, simply apply 1 to 2 sprays in each nostril morning and evening.

1-oz. Bottle 830-0013 **\$17.49** Save when you buy 4 or more **\$15.99**

C | Get All-Natural Relief With No Harsh Side Effects Or Dependence!

The capsaicin in **Sinol-M™** reduces pain and also stimulates secretions that help clear mucus from your stuffed-up nose. Get relief from allergy symptoms and sinus pain naturally. Use up to 12 times a day because it is non-addictive and has no harsh side effects. Completely safe and FDA registered. For ages 14 and up. A great value at 100 sprays per bottle!

15-mL Bottle 420-6539 **\$14.99** Save when you buy 4 or more **\$12.99** ea.

D | Relieve Congestion And Wash Away Harmful Bacteria And Allergens

Xlear® Nasal Wash (pronounced "Clear") contains natural ingredients such as saline, grapefruit seed extract (as a preservative), and Xylitol. Moisturizes as it thins mucus to clear the nasal passages. Simply spray 1-2 times in each nostril as needed. Xlear is available in a metered dose bottle or in smaller spray bottles. Safe for all ages.

1.5-oz. Metered Dose Bottle 59-6100 **\$12.49** Save when you buy 4 or more **\$11.49** ea.

E | The Easy Way To Soothe Irritated Sinuses

Sinuses feel fresh and clear after a gentle, soothing **Hydro Pulse®** nasal irrigation treatment. Hydro Pulse was designed by a board-certified ENT to mimic the natural motion of the nasal cilia (microscopic hairs) with a pulsating stream of saline solution – not a steady stream. Nasal/sinus irrigation is a safe, drug-free remedy that has been medically proven to soothe and relieve irritated sinuses. It is recommended for post nasal drip, chronic sinusitis, recurrent sore throats, excessive thick mucus, nasal snoring, ear blockage, and more. Plus, it is an extremely effective tool for the maintenance of healthy nasal and sinus passages. Includes 2 sinus tips and 2 throat tips with tongue cleaners. *1-Year Mfr. Limited Warranty.*

Hydro Pulse Nasal Irrigation System 69-0100 **\$97.00**

Extra Sinus Tip 69-0110 **\$16.49**

Breathe-Ease XL Saline Powder – 33 Packets 69-0030 **\$13.99**

Sinus Relief From A Full-Featured Irrigation System

Whether you suffer regularly or seasonally from sinus problems, the **SinuPulse Elite® Nasal Irrigation System** is the safe, natural, drug-free remedy that has been medically proven to soothe and relieve irritated sinuses either by the use of a cleansing pulsatile rinse or a pulsating, moisturizing mist spray. The system comes complete with four tips: two sinus tips, one for misting and one for irrigation; and two throat tips, one for misting and one for irrigation.

Also included are 30 packets of SinuAir™ Formulated Saline Powder and an exclusive for our customers – a FREE SinuAir™ Saline Powder 200 Gram Jar (a \$12.99 value). *1-Year Mfr. Limited Warranty.*

Kit includes Irrigator, Sleeve, 60 Saline Packs, and a free Measuring Cup & Spoon.

Nasaline Junior 891-0204 **\$16.49**

Eliminate The Causes Of Chronic Sinusitis At Their Source!

Laboratory tests have demonstrated that **Agrumax™** can be used as a fungicide, a bactericide, an antiseptic, and an antioxidant. A Mayo Clinic study linked mold and fungi in the nasal cavities with chronic sinusitis, so some doctors recommend using Agrumax in a saline nasal spray application for the elimination of fungi and sinus irritants. Agrumax is an all-natural, anti-fungal concentrate that has no known toxicity or side effects. Agrumax is also safe to use while using other saline or steroid nasal sprays. Just mix a few drops of Agrumax into 6–8 ounces of saline and use in any irrigation device.

Agrumax 30-mL Bottle (1.01 fl. oz.) 920-0002 **\$25.99**

A Centuries-Old Method For Gentle, Drug-Free Nasal Washing

The **SinuCleanse® Neti Pot Sinus Irrigation System** is a gentle, effective nasal wash for adults and children who suffer from sinus and nasal problems. Developed by a leading ear, nose, and throat physician, the SinuCleanse system updates and improves upon the centuries-old neti pot method for cleaning and clearing nasal passages. The SinuCleanse cup is made of unbreakable, dishwasher-safe, FDA-approved plastic. Used every day, or just when needed, SinuCleanse can provide relief for those who suffer from nasal congestion, allergies, sinusitis, dry nasal passages, and post-nasal drip. Includes 20 pre-measured saline packets.

SinuCleanse Nasal Cup System 420-8020 **\$14.49**

100 Saline Packets – 3.2 Grams Each 420-8100 **\$10.49**

Natural Sinus Care

Breathe Clearly Without Addictive Nasal Sprays

Breathe-Ease XL™ is a unique nasal and sinus irrigation solution and moisturizer. Developed by a leading board-certified ENT specialist as an alternative to over-the-counter nasal sprays and saline products, Breathe-Ease XL is a pure alternative with no preservatives, iodine or other chemicals that can harm sensitive nasal membranes. Breathe-Ease has been reported in medical journals to be more appropriate than regular saline for most nasal conditions.

« Recommended [Alkalol] by my Doctor after sinus surgery. I have had excellent results and can breathe much better. Used with nasal irrigation, it helps to keep my sinuses open and prevents infections much better than just using prescription medication.”

Robert

Recommended By Doctors For Over 100 Years

Alkalol® dissolves mucus, cleans and moisturizes the nasal passages, and brings relief to irritated sinus and throat tissue. Its refreshing blend of natural extracts and oils leaves your nasal passages cleansed and you breathing freely. Use as a nasal wash, add to your regular nasal irrigation solution, or use as a soothing gargle, oral rinse or throat spray for relief from allergies, colds, sinusitis, chronic congestion, or throat irritation.

Smaller Is Good And Less Expensive

The **MicroChamber®** spacer fits most metered dose inhalers, is very portable and easy to carry, and costs much less than similar devices. The MicroChamber is the smallest aerosol holding chamber device available and is so convenient to use. It performs like much larger and more expensive devices. Dishwasher safe and latex free.

MicroChamber Spacer 46-2000 **\$10.49**

Did Someone Say Bed Bugs?

Prevention & Protection, The Perfect Plan

BedCare™ Mattress and Box Spring Encasings Are An Important Part Of Bed Bug Control

You may already have bed bugs and are working to eliminate the infestation or you may be working to prevent a bed bug infestation. Either way, BedCare mattress and box spring encasings with the **BugShield™ System** should be part of your plan.

The BugShield Two-Part System

The **BugShield™ Zipper-Lock** locks the zipper tab in place so that it will NOT backtrack to leave small openings that bed bugs could get through.

The **BugShield™ Bug Blocker** is an added measure that closes the last inch or so of the zipper from below to doubly ensure that bedbugs will not be able to get in or out of the encasing.

By covering your bedding with zippered bedbug-proof covers, you are protecting the investment you have made in your mattress and box spring because you will not need to dispose of them due to bed bugs.

All 6 of our BedCare encasing fabrics (**Elegance, Ultra, Supreme, Classic, Basics, & DuraTEK**, see pages 23 & 27-29) have been tested by an independent lab and the data shows that bed bugs can not pass through these fabrics, can not bite through these fabrics, and eggs can not pass through these fabrics or zippers. Therefore bed bugs outside the encasing can not get through to your mattress and box spring to hide or lay eggs, and any bed bugs inside the encasing can not get out to re-infest your home. Please visit our website to see the reports generated by an independent testing laboratory.

NOTE: Zippered bedbug-proof covers cannot protect you from bed bugs hiding in other areas of your bedroom or home such as behind headboards or inside wall sockets. See the Bed Bug Patrol Products on page 47 to eradicate existing bed bugs naturally.

Did Someone Say Bed Bugs?

Prevention & Protection, The Perfect Plan

Don't Let Bed Bugs Hitchhike

Bed Bug Patrol™ Natural Bed Bug Killer Luggage Spray is a 100% natural non-pesticide that does not contain permethrin and pyrethrin found in many bed bug treatments so it is safe to use around pets and children. Now when you travel, there is no need to worry about the horror of introducing bed bugs into your home. Comes in 3-oz. travel size – perfect for carry-on luggage.

3-oz. Spray Bottle 422-1045 **\$9.99**

Get To Bed Bugs Where They Hide

Bed Bug Patrol™ Fossil Shell

Dust is natural, non-toxic, and organic - the safe way to get rid of bed bugs. They don't live only on your bed, bed bugs also hide in light switches, electrical outlets, behind baseboards, inside clock radios and phones, and in crevices everywhere. To help you reach these spots, an applicator bottle is included. **CAUTION: As with any powder (even baby powder), do not inhale.**

16-oz. Bag 422-1137 **\$19.99**

Stop Bed Bugs In Their Tracks

Bed Bug Patrol™ Natural Bed Bug Killer is the easy-to-use way to kill bed bug adults, larvae, and eggs. This product is a 100% natural non-pesticide, containing no carcinogens such as permethrin and pyrethrin found in many bed bug treatments. Now there is a way to stop the nightmare of bed bug infestation and once again get a good night's sleep free of bites and anxiety. Safe to use around children and pets.

24-oz. Spray Bottle 422-1472 **\$16.99**

Gallon Refill 422-1502 **\$59.99**

BED BUG PATROL

You Can Find Other Bed Bug Patrol Products On Our Website:

www.NationalAllergy.com/BedBugPatrol

Bed Bug Patrol™ products contain natural ingredients such as clove, peppermint, and coconut extract that are powerful weapons when it comes to killing bed bugs, but are completely harmless to people and pets. All ingredients in these products are so safe they are EPA exempted.

Make Outdoor Surfaces Fresh & Clean

TruCleanEX™ Mildew, Moss, & Algae Stain Remover easily rids outdoor surfaces of unsightly black or green stains. Simply apply, let stand about an hour, and rinse. Choose your application method – hose-end that allows you to hook the bottle to a regular garden hose (covers 1,000 sq. ft.), concentrate for large jobs (covers 1,000 sq. ft.), and pre-mixed spray for smaller areas (covers 60 sq. ft.). These products contain no chlorine bleach, ammonia, or phosphates so it is safe for your family and the environment.

32-oz. Hose-End Sprayer 600-3312 **\$17.99**

32-oz. Concentrate 600-3146 **\$19.99**

32-oz. Ready-To-Use Spray 600-3139 **\$12.99**

From Our Online Product Reviews

– *Make Sure to Leave Your Product Reviews The Next Time You Visit www.NationalAllergy.com.*

“I purchased No More Mildew [see page 4] because my granddaughter has a severe allergy to mold – I have a lesser one. I bought this 3½ weeks ago and I am very impressed, it actually performs as it claims. No odor, no muss, no fuss. Just spray and it blocks, kills, prevents mold. I have yet to do every place I need to, but I am sure that this amazing product will perform. I give it 6 stars!”
