Your Keys To A Healthier Home

1 Bedrooms/Nursery -Covering your bedding with encasings and keeping a watch on humidity levels can help in controlling exposure to dust mite allergen. To reduce animal dander, it is important to keep pets out of the bedroom. A HEPA air cleaner is ideal for this room.

2 Attic -Keep tabs on excess moisture which can create mold and mildew if left uncorrected. Use sealed plastic containers to store items.

3 Bath -Consider using personal and cleaning products that are low in chemicals and fumes. Shower water can be filtered for chlorine removal. Keep an eye out for mold and mildew in this room especially.

4 Family/Living -The air in this room is often loaded with dust, dust mite and pet allergens so improving air quality in this room is important. Running a HEPA air cleaner and using a vacuum equipped with a HEPA filter can help.

5 Kitchen -This room can be a haven for both odors and pests – both of which can be triggers for allergies and asthma. Proper ventilation, appliance maintenance, and the use of non-chemical cleaning agents can all lessen these triggers.

6 Laundry Room -Plumbing leaks and proper ventilation are the main concerns for this room. Additionally, consider using laundry detergents designed for allergy, asthma, and eczema sufferers.

7 Basement -Watch for signs of mold and mildew on concrete or dirt surfaces and keep humidity levels in check. Follow the air filter maintenance schedule for your HVAC systems and consider using a high efficiency pleated filter.

8 Outside -Wear a mask when doing yard work. Remove mold from the roof, siding, deck, and patio.

Eliminates Dust Mites Even In Cold Water

Now there's an alternative to washing your bedding in extra-hot water. Just 1½ tablespoons of **DeMite® Laundry Additive** in hot, warm, or cold water will eliminate dust mite allergen in your bedding or clothing. DeMite contains benzyl benzoate in one of the most effective mite-allergen reducing formulas available anywhere. So give your bedding and clothes a break from hot water washing and still solve the dust mite problem with DeMite added to your regular detergent. Safe to use with all washable and colorfast fabrics. Measuring cup included.

The First Step Toward A Healthy Home®

Wiping your shoes thoroughly (at least twice) on **Dr. Doormat®** can remove up to 99% of dirt & debris from your shoes. Not only does this mat keep dirt from being tracked into your home on the bottom of your shoes, the antimicrobial treatment also safely disables (odor causing) microorganisms (bacteria, fungus, mold) on the mat on contact with a biostatic barrier. Use inside or outside your doors (the apartment size fits right into a dog kennel). Non-toxic, environmentally friendly, and machine washable up to 20 times with no loss of efficacy. Dr. Doormat is not your ordinary doormat. Available in Apartment Size (18"W x 24"L x 3/8", weights 2-lbs.) and House size (24"W x 36"L x 3/8", weights 4-lbs.) and in four decorative colors – Charcoal Grey, Chocolate Brown, Peacock Blue, and Autumn Red. 2-Year Mfr. Discover The Ultimate In Dry Dusting

Dust jumps on and clings to the **Dust Grabber® Advanced Electrostatic Dust Cloth**. This chemical-free, additive-free nylon/polyester microfiber cloth is pre-washed, pre-softened, and pre-shrunk. This generously sized 18' x 18" cloth can be used dry on all surfaces because it will not scratch, and it leaves no film. Use it to dust TV screens, computer monitors, blinds, furniture, and glass. Attach it to a mop head to dust floors or grab cobwebs on walls or ceilings. Machine wash and dry this eco-friendly cloth over 100 times with no loss of performance since the electrostatic surface charge won't wash out.

Furniture Polish With All Of The Good And None Of The Bad

Eat My Dust® by De-Mite® is the odorless way to capture and eliminate house dust while giving your furniture a beautiful shine. Plus there's no oily residue to attract dust so you can go longer between dustings. Non-aerosol pump sprayer is safe for you and the environment.

10-oz. Spray Bottle 50-8400 **\$11.99**

Prevent Allergens On Fabrics From Becoming Airborne

De-Mite® Fabric Sealer encapsulates dust on fabrics to stop it from becoming airborne but doesn't leave any residue on the fabric surface. This non-aerosol spray works great on upholstered furniture, pet bedding, drapes, and curtains. This product is virtually odorless and seals in dust mite allergen and pet allergen. Pet and human odors are neutralized to leave your home's fabrics and furniture smelling fresh and clean.

Pet Products

Soften Pet's Skin And Reduce Allergen

Allerpet® Solution cleanses away dander and softens the pet's skin so less dander (dry skin flakes) is produced. It also removes another primary source of animal allergen, the saliva that dries on the fur from self-cleaning and then collects in carpet and on furniture only to become airborne later and inhaled (see carpet and upholstery treatments on pages 16-17). Allerpet is non-toxic, non-oily, and safe for cats, dogs, and other furry or feathered pets. Pour a small amount onto a washcloth and rub into your pet's skin. Allerpet is a moisturizing conditioner, not a shampoo. Pet allergens will significantly drop with regular weekly use, and pets will love the extra attention they get as you gently wipe on Allerpet Solution. Tip: Use every 4 to 5 days for the first few weeks to reduce accumulation, then once a week after that.

The Easy Way To Keep Pets Clean & Allergen Free

Quick Bath™ Pet Wipes make it easy to wipe dander off of your pet's coat, so less of it gets into your home. The lightly scented wipes are specially treated with safe, gentle cleansing and antiseptic agents. Quick Bath's moisturizing formula also softens the pet's skin with Vitamins A & E and aloe vera so less dander is produced. Four-month supply includes 10 wipes in a resealable pack. Use twice the first week, then once every two weeks.

Air Quality Products

Breathing clean air is not a luxury; it's essential, especially for allergy and asthma sufferers! Reduce the airborne allergens such as dander, dust, and pollen in your home's air with a True HEPA room air purifier. Air purifiers with special filters can also reduce chemicals and odors in your home. Filters for your furnace or ductwork also capture particles in the air to improve indoor air quality.

If you don't see what you are looking for here, please check our website for more Air Quality Products.

Whirlpool Tower

Small Footprint, Quiet Operation, Cleaner Air

The Whirlpool® Whispure™ Tower air purifier fits inconspicuously into any room to cleanse the air you breathe of irritants and allergens such as dust, pet dander, pollen, tobacco smoke, fabric fibers, and mold spores. 99.97% of particles as small as 0.3 microns are removed and trapped by the true HEPA filter as air passes through it. The charcoal pre-filter also traps VOC's and odors. Features include: 3 fan speeds, Auto Mode, Sleep Mode, filter replacement indicator lights, and much more. With a small footprint (29.1" H x 9.8" W x 9.8" D) and whisper quiet operation (40-49 decibels), it's barely noticeable in any room (optimum for rooms up to 200 sq. ft.). Simply plug it in and begin enjoying cleaner air. 5-Year Mfr. Limited Warranty Plus Our 60-Day Unconditional Return Privilege.

HEPA+ 3000

HEPA+ 2000

Get Super Clean Air From Our Newest And Most Efficient Air Purifiers

The HEPA+ 2000 and 3000 air purifiers combine exceptional air filtration and superior construction to give you the best of air cleaning without adding unwanted gases to your air. Three stages of filters remove 99.98% (above the standard for HEPA filters) of airborne particles passing through the filter so you eliminate dust, pollen, animal dander, mold spores, and certain chemical gases and odors. The metal cabinet with a baked powder finish means the air purifier itself is not off-gassing, and there are no emissions of ozone, ions, or odors. In addition, the sealed cabinet prevents captured particles from escaping back into the air. You receive just what you want from an air purifier - super clean air and nothing else. Made in North America. 5-Year Mfr. Limited Warranty Plus Our 60-Day Unconditional Return Privilege.

Features include:

Adjustable fan speed allows you to set the air flow as you desire.

High efficiency, low power-draw motor is designed for continuous operation.

Clean air is vented upwards to keep air circulating so the air in the room is continually drawn through the filters.

Effectively Filter Your Home's Air Using Your Furnace Fan

The Filtrete® Ultra 1500 MPR Filters by 3M use electrostatically charged Filtrete fibers to attract and capture small particles without restricting the flow of cleaner air passing through the filter. For optimum benefit, set your fan to the "on" position all the time, and replace filters every 3 months. These allergen reduction filters help improve the air your family breathes during pollen season and all year long.

Let In Fresh Air – Keep Out Particles

Safeguard Window Filters expand to snugly fit into your window to filter airborne pollen and other particles that would otherwise sneak in with the fresh air. The Safeguard Window Screen Filter has been tested at 92% efficiency in keeping out ragweed pollen. This window filter's aluminum frame is warp proof and rust proof. Even in inclement weather, the Safeguard Window Screen Filter provides fresh air, while it also reduces outside noise. Here's a way to open your windows even during pollen season.

Stop Dust Before It Enters The Room

Attach **DustChek™** filters to your HVAC vents and in just a few weeks, you'll see plenty of trapped dust, dirt, and lint you might have otherwise inhaled. These high-grade, electrostatic, polyester filters capture the dust coming out of the ductwork. Choose the 16" x 60" roll and cut to the size of your incoming air vents or choose the pre-cut pack of six 7" x 11" filters. Please check your vent size before ordering. For best performance, cover no more than two or three vents, change filter monthly, and treat with Goodmorning™ Purifying Spray (at left) to help stop mold. 30" installation strip included, and additional strips are available.

Carpet Care Products

Removing allergens from your environment is an effective solution for home allergy relief. Likewise, neutralizing or denaturing these home allergies is also effective. Denatured animal dander and dust mite allergen are harmless even when you inhale them. Treat your carpet and furniture so you can experience allergy symptom relief at home today.

Make the allergenic dust storms of your vacuum a thing of the past with a HEPA filter vacuum from National Allergy Supply. Only HEPA filter vacuums remove 99.97% of the allergens that pass through when you vacuum carpets and furniture – favorite hiding places for dust mites and allergens. Need another reason to use a HEPA vacuum? Many allergists recommend frequent vacuuming with a HEPA filter vacuum to improve indoor air quality and remove allergens.

Neutralize Dust Mite Allergen & Pet Dander

Anti-Allergen Solution from The Ecology Works® neutralizes the protein in dust mite allergen and pet dander and encapsulates the elements of these proteins to keep them from recombining, so they can never cause an allergic reaction. This plant-based formula is clear, stain-free, and non-toxic. It can be safely sprayed directly on all washable surfaces including carpet, upholstered furniture, vehicles, clothing, and pet bedding. Use Anti-Allergen Solution every 60 days between applications of Dustmite And Flea Control™ (see below) for maximum effectiveness. Quart covers about 500 sq. ft.; gallon covers about 2000 sq. ft.

Safely Kill Dust Mites Living In Your Carpet

Dustmite And Flea Control™ from The Ecology Works® is a natural boron compound that effectively kills dust mites, but is completely harmless to your family and pets. It can be mixed with water to use as a spray or in a carpet steamer or wet extraction machine. For ease of use, try the pre-mixed solution without sacrificing dust mite killing abilities. The 8-oz. bag covers 200 sq. ft. as a spray or 100 sq. ft. in a machine. The 2-lb. bag covers 4 times the area. The pre-mixed spray treats 100 sq. ft. For best results, use twice annually and apply Anti-Allergen Solution (see above) in between treatments.

Allersafe

Neutralize Allergens At A Great, Low Price

AllerSafe™ Dustroy™ neutralizes the protein in dust mite allergen and animal dander and renders them harmless to you, your pets, and your environment. The plant-based formula has no added fragrances or dyes and no tannic acid so it won't stain your furniture or carpet. Lightly mist on carpets, rugs, or upholstered furniture and allow to dry. Heavy application may cause stickiness, but excess can be wiped off with a damp cloth. Use every 2-3 months and after each steam or dry cleaning. 32-oz. bottle covers about 500 sq. ft.; gallon covers about 2000 sq. ft.

The All-In-One Carpet Treatment

Try the **X-Mite®** complete treatment system that cleans your carpet while reducing mite allergen and animal dander – two major triggers of asthma and allergic rhinitis. Just apply the moist powder every 2 to 3 months by brushing it into carpeted surfaces (see optional application rake below). When dry, remove the product by vacuuming. X-Mite both cleans and neutralizes allergens for a cleaner, allergen-free home. The 1-lb. bag treats approximately 150 sq. ft. Not for use on cottons, silks, or Oriental rugs. For the most effective treatment, rotate use of X-Mite with Allersearch® ADS™ Spray (see below).

1-lb. Bag 60-2101 **\$23.99**

Easily Work Carpet Treatment Powders Down Into The Carpet Fibers

Spread X-Mite or any other carpet powder evenly and deeply into your carpet or area rug to reach the most allergens possible. Designed for the job, this Carpet Rake is 12" wide with a 54" handle.

Application Rake 12-9555 **\$16.99**

Safe And Natural Allergen Neutralizer

Allersearch ADS™ Spray* is one of the environmental controls most recommended by allergy specialists. Dust mite allergen and animal dander can be kicked up just by walking across carpet and trigger allergic reactions such as sneezing, wheezing, runny nose, and itchy eyes. Safe and virtually odorless, Allersearch ADS has been proven to neutralize allergens on carpet and upholstery. Quart covers about 500 sq. ft.; gallon covers about 2000 sq. ft. Repeat every 2-3 months and alternate with X-Mite® (see above) for maximum effectiveness. Future carpet cleaning should be done with a dry method only. See Capture® Dry Carpet Cleaning Kit on our website.

Stay Fresh All Day

Naturally Fresh Deodorant Crystal™ stops odors naturally using non-irritating pure mineral salts. Receive up to 24-hour, hypoallergenic protection against body and foot odor. This deodorant works by inhibiting bacterial growth on your skin, and no bacteria means no odor! Contains no perfumes, alcohol, parabens, aluminum zirconium, or aluminum chlorohydrate, and it doesn't block pores which permits the pores to excrete toxins naturally. Deodorants are preferable to antiperspirants because deodorants don't interfere with sweating, a natural cooling process. A thin, invisible layer of mineral salts works all day long to keep odor from developing.

Sinus Care Products

For millions of Americans, the search for sinus relief can seem never-ending. Over the counter and prescription medications can help in some situations, but there are other options for safe, long-term sinus and nasal relief. National Allergy Supply offers allergy and sinus sufferers a variety of proven methods for maintaining healthy nasal and clear sinus passages such as saline irrigation and steam inhalation, along with other sinus treatments.

Don't let a cold, infection or chronic sinusitis take hold of you and cause more pain. Find a natural sinus treatment through our full line of sinus and nasal relief products.

If you don't see what you are looking for here, please check our website for more Sinus Relief Products.

Safety Note: It is recommended to use sterile, distilled, or boiled water in irrigation devices to prevent the introduction of impurities into the nasal and sinus passages.

Eliminate The Causes Of Chronic Sinusitis At Their Source

Agrumax® is an all-natural concentrate, having no known toxicity or side effects that is great to use as an aid with chronic sinusitis treatment. Agrumax is safe to use while using saline solutions or steroid nasal sprays. Some doctors recommend using Agrumax in a nasal spray application for the elimination of fungi and sinus irritants. Always add water to dilute.

C | Keep Nasal And Sinus Passages Moist To Help Prevent Infection

Xlear® Nasal Wash (pronounced "Clear") contains only natural ingredients such as saline, grapefruit seed extract (as a preservative), and Xylitol, a substance that is clinically proven to be one of bacteria's natural enemies. It is the Xylitol that sets Xlear apart because it keeps nasal passages and sinuses moist longer than saline alone. That's important because dry nasal passages are vulnerable to infection. Xlear Nasal Wash moisturizes and thins the mucus, and this assists the body's natural process of clearing the nasal passages and washing away bacteria, allergens, pollen and other pollutants. Simply spray 1-2 times in each nostril as needed. Xlear is available in a metered dose bottle or in smaller spray bottles. Safe for all ages.

Mold Control Products

Mold and mildew can grow in damp environments and release spores that affect indoor air quality. In addition to triggering allergic responses, mold and mildew can attack your immune system. Stay healthy by tackling mildew and mold in your home. The mold remediation and mold removal treatments offered by National Allergy can help you rid your home of unsightly mold and mildew.

If you don't see what you are looking for here, please check our website for more Mold Control Products.

This Two Step Process Is Guaranteed To Perform Or Your Money Back!

Step One:

Remove Ugly Mold Stains And Mildew Stains Without Chlorine Or Bleach

All Purpose NAS-12™ is a safe, non-chlorine, non-toxic, biodegradable, virtually odorless cleaner. It is designed for removal of mold stains and mildew stains, but the improved formula works equally well on all household dirt. Chlorine bleach products can be harmful to you and to surfaces with prolonged use, and no chlorine means **NO HARSH FUMES!** Just spray NAS-12 on, let stand for a few minutes, scrub lightly with sponge or cloth, and rinse.

32-oz. Spray Bottle 60-0012 **\$8.49**

Gallon Refill 60-0022 **\$19.96**

Step Two:

Block Mold & Mildew For Up To Two Years With One Application

No More Mildew™ forms a micro-thin sealant coating that helps the treated surface resist mold and mildew growth for up to two full years! Just think of the benefits: more time between scrubbing, no more noxious chlorine fumes, no more mold odor or musty smell. The mild, non-toxic, virtually odorless solution works on any surface where mold and mildew grow such as basement floors and walls, crawl spaces, indoor plant soil, bathroom and kitchen surfaces, boats, lawn furniture, and more (please note: do not use on glass or natural stone). Quart bottle covers 75 sq. ft.

Dual Purpose Vital Oxide®– Controls Mold & Disinfects

Safely Eliminate Mold And Mildew

Vital Oxide® is an EPA-registered, ecologically sound alternative to chlorine bleach and other harsh chemicals for mold elimination. This heavy duty, hospital grade mold and mildew remover is non-irritating to skin and non-corrosive to treated areas. With a single treatment, household surfaces are protected from mold growth for up to 7 months. Use anywhere mold grows indoors and out. It is strong enough to handle mold in the bathroom, basement, or on exterior siding, yet gentle enough to be used in the washing machine to rid clothing and bedding of mold and mold spores. Vital Oxide is colorless, odorless, and completely non-toxic.

And Safely Kill 99.9% Of Bacteria And Viruses

Certified lab testing proves **Vital Oxide®** destroys germs, bacteria, and viruses including H1N1, MRSA, E Coli, Norovirus, and Legionella. It's ready to use on countertops, cutting boards, in shower stalls, on and under sinks, in basements and crawl spaces, and even in your laundry to disinfect germs or eliminate mold. This EPA-registered, hospital grade disinfectant is colorless, odorless, chlorine-free, and is so safe it requires no rinsing even after use on a food preparation surface. Vital Oxide is also great to eliminate odors related to tobacco smoke, cooking, pet urine, sports equipment, and garbage disposals. Vital Oxide will replace a wide range of your current household cleaners and sanitizers with one product that adds no harmful chemicals or masking fragrances. Moms find it great to clean and sanitize toys safely and easily - especially bathtub toys!

Dehumidify To Easily Reduce Mold And Dust Mites In Your Home

Keeping relative humidity around 45% can make a big difference in the dust mite population, the growth of mold, and musty odors in your home. The **Soleus Air Dehumidifier** can operate in temperatures as low as 41 degrees F without icing up, making them usable in any room - even in your basement - almost year round. Pick the model that is best for you by the rating that refers to how many pints of water can be removed from the air in a 24-hour period. Sturdy casters make it easy to move from room to room. These dehumidifiers automatically shut off when the bucket is full or you can choose the drain hose option for continuous operation. Soleus Dehumidifiers are Energy Star® rated, and that means savings of up to 10% per year over standard dehumidifiers. 1-Year Mfr. Limited Warranty Plus Our 100% Money Back Guarantee.

Our BedCare™ Mite-Proof Pillow Has A Convenient Built-In Encasing

The shell of the **BedCare™ Mite-Proof Pillow** is made from a tightly-woven cotton fabric which is our most luxurious to the touch material. The 100% cotton, 300 TC fabric is so tightly woven that even the smallest allergens can't pass through, but air can so it is cool and breathable. And the polyester fill makes this pillow tops in softness and comfort, too. Since the shell is mite-proof, you get a pillow and an encasing all in one. Machine wash and dry. 5-Year Warranty.

Incredible Fluffiness In A Lightweight Down Comforter

The Light Warmth Comforter by Pacific Coast® Feather Company is ideal for sleepers who need less warmth at night or for those who live in warmer climates. True baffle box design allows the down inside to loft while minimizing shifting across the comforter. This means you get a fluffy feel without being too warm. The Comfort Lock® system locks the Hyperclean® down in place over the sleeper, thereby eliminating excess down shifting to the edges or bottom while the 300 thread count 100% cotton Barrier Weave™ fabric prevents the down inside from sneaking out. With a fill power of 550, a measure of how lofty the down is, you'll get a comforter that will stay fluffy for many years to come. For lasting protection, encase your new comforter with one of our mite-proof covers (see page 38). 10-Year Mfr. Limited Warranty

BedCare Encasings Feature Our Exclusive BugShield™ Technology. The Auto-locking Zipper & Fabric Shield Provide Extra Protection To Help Prevent Or Eliminate Bed Bugs.

Water Resistant Mite-Proof Covers For Your Bed

BedCare™ Classic dust mite and mold impermeable pillow and mattress covers are made of a lightweight, polyester-knit, outer fabric joined to an ultra-thin, allergen-proof, ComforTech™ polyurethane membrane. Because of this water resistant barrier membrane*, these encasings cannot be measured in terms of mean pore size as nothing passes through them. Classic encasings have premium, rustproof zippers. These encasings are sewn with care in the USA by skilled craftsmen, and they are made to last. Machine wash and dry on lowest setting. Lifetime Warranty.

*To maintain water resistant barrier, do NOT use bleach or a hot dryer when laundering.

Depend On The Quality Of BedCare & Enjoy The Comfort Of Cotton

The **BedCare™ All-Cotton** anti-dust mite mattress cover is made from a 100% cotton barrier fabric that is so tightly woven allergens can't pass through. The mean pore size is 4.8 microns, making it a great bed bug encasement, too. When you zip your mattress into this cover, you know that you have total protection and cool comfort all night long. Since every encasing is made in the USA and hand-inspected, you can depend on the quality. If you like cotton, you are going to love BedCare All-Cotton! Machine wash and dry. Lifetime Warranty.

Avoid Allergens While You're Away From Home

Since we never know what's lurking in hotel mattresses (we can only imagine), we've designed an easy way to protect you with our **BedCare™ Classic Mattress Travel Cover**. Unlike a regular mattress encasing with a zipper, the Travel Cover is fitted and has elastic corners, so it's easy to install and remove. It protects you from mold, allergens, and other contaminants that might be found in mattresses while you are traveling. Made of the same lightweight polyester knit fabric joined to an ultra-thin ComforTech™ membrane as our Classic encasing featured on page 20, our Classic Travel Cover is also water resistant. Machine wash and dry on low. Do not bleach. Fits most mattresses up to 15" deep. Lifetime Warranty.

Our BedCare™ All-Cotton Mite-Proof Pillow Has A Convenient Built-In Encasing

The shell of the **BedCare All-Cotton Mite-Proof Pilliow** is made from our BedCare All-Cotton fabric which is our top-of-the-line, most luxurious to the touch material. The 100% polyester microfiber fabric is so tightly woven that even the smallest allergens can't pass through, but air can so it is cool and breathable. And the polyester fill makes this pillow tops in softness and comfort, too. Since the shell is mite-proof, you get a pillow and an encasing all in one. Machine wash and dry. 5-Year Warranty.
